Price: **140.95 zł** gross / 114.59 zł net

Manufacturer: TP-LINK

Referention number: DNXGFOQRDRMMOK

Information:

TP-Link Tapo C200 is a rotating Wi-Fi camera for home monitoring, providing Full HD 1080p image quality and a wide field of view thanks to 360° horizontal and 114° vertical rotation. Built-in motion detection instantly sends notifications to your smartphone and can trigger an alarm, increasing security against intruders. The camera offers infrared night vision of up to approx. 9 m, so it works effectively even after dark. Thanks to the microphone and speaker, it enables two-way communication, and recordings can be saved on a memory card of up to 128 GB.

Product features

Regulatory Approvals	FCC, IC, CE, NCC
Storage relative humidity (H-H)	5 - 90%
Height	117.7 mm
LED indicators	System
Sensor type	MOS
Width	85.4 mm
Depth	86.8 mm
Connectivity technology	Wireless
Maximum resolution	1920 pixels
Operating frequency	2400 MHz
Storage temperature (T-T)	-40 - 70 °C
Frame rate	15 frames per second
Night mode	Yes
Package weight	400 g
Humidity measurement range	10 - 90%
Swivel angle	360 °

DC output voltage	9
DC output current	0.6 A
Video compression formats	H.264
Number of cameras	1
Number of lenses	1
DC-in jack	Yes
Video motion detection	Yes
Operating temperature (T-T)	0 - 40 °C
Package depth	175 mm
Package height	100 mm
Package width	145 mm
Supported network protocols	WEP, WPA/WPA2-PSK
Pan range	0 °
Built-in microphone	Yes
Fixed focal length	4 mm
Wi-Fi standards	802.11b
Wi-Fi	Yes
Ethernet LAN	No
AC input frequency	50 Hz
AC input voltage	100 V
Built-in speaker(s)	Yes
Mobile operating systems supported	Android 4.4
Power source type	AC
Night vision distance	9 m
Camera tilt control	Yes
Camera pan control	Yes
Tilt angle range	0 °
Product colour	White
Mounting hardware type	Ceiling
Type	IP security camera
Designation	Indoor

Full product description

Keep everything under control.

Home Wi-Fi camera **TP-Link Tapo C200** is a quick and easy way to protect your home. With its **Full HD** image quality, the Tapo C200 shows residents who is at the front door, whether the dog feels good when they are outside the house. Thanks to **infrared technology** it can see even at night and also offers **motion detection** that immediately warns of uninvited guests. It has a microphone and a loudspeaker, which means **two-way communication** and stores recordings on memory cards up to 128 GB.

Motion detection and notification

The camera will protect you from intruders. You can set it, for example, in the entrance area or towards the stairs and use the **motion detection** function. **This allows the Tapo C200 to automatically detect movement and send warning messages to your smartphone or set off an alarm.**

Watch every nook and cranny in the room

With the **Tapo C200**, nothing escapes your attention. The wide-angle lens provides a detailed view of the room being monitored. The camera offers ideal room coverage with **360 degrees of horizontal rotation and 114 degrees of vertical rotation.**

360°

114°

Night vision

No more worries at night. The device protects you even while you sleep. **The 850 nm infrared night vision system** with the support of an automatic colour switch filter guarantees visible images even in poor lighting conditions from a distance of up to approximately **9 metres**.

Live view and two-way sound

Tapo C200 captures every detail in crystal clear **1080p** resolution. See exactly what happens in front of your camera every time it is turned on. Find out if your kids are safe and well looked after. Plus, you can communicate with loved ones using the built-in **microphone and speaker**.
