Full product description

TP-Link Tapo C210 camera - detects movement and sends immediate warnings

You can position the camera at the entrance of your home, garage or basement to keep your family and home safe. **The TP-Link Tapo C210 camera** sends notifications when it detects movement in your home. This can be a notification of an incoming package or a suspicious intrusion. It triggers light and sound effects to scare away unwanted visitors.

Advanced Night View

The **850 nm** infrared night vision supports an automatic color-switching filter in low-light conditions, and the viewing distance is **up to 30 feet**.

Live view and two-way audio

When you're away on a trip, you can still rest assured that with the **TP-Link Tapo C210 Camera**, your favorite people aren't getting into trouble or that the babysitter is taking good care of them. Two-way audio lets you tell them you miss them

Privacy mode and secure local storage ensure privacy

You can enable privacy mode, which disables surveillance to further ensure your privacy. What's more, the local Micro SD card stores up to **256GB**, equivalent to **512 hours** to prevent any online hacking.

High resolution video

Capture every detail in crystal clear **3MP** resolution and **360°** horizontal range. See exactly what was happening in front of the camera whenever it's on.
