Price: **159.00 zł** gross / 129.27 zł net

Manufacturer: TP-LINK

Referention number: DNXGGJQNFRMMKL

Information:

TP-Link Tapo C310 is an outdoor IP camera for home monitoring, offering image quality of 3MP HD (2304x1296) and 720p and 1080p modes. Thanks to Wi-Fi or wired Ethernet connectivity, it works without an additional hub. The camera provides effective night vision, motion detection with notifications to your smartphone, local recording to a microSD card, two-way audio and a built-in siren to deter intruders. The IP66-rated housing ensures resistance to rain and harsh weather conditions, and compatibility with Google Assistant increases ease of use.

Product features

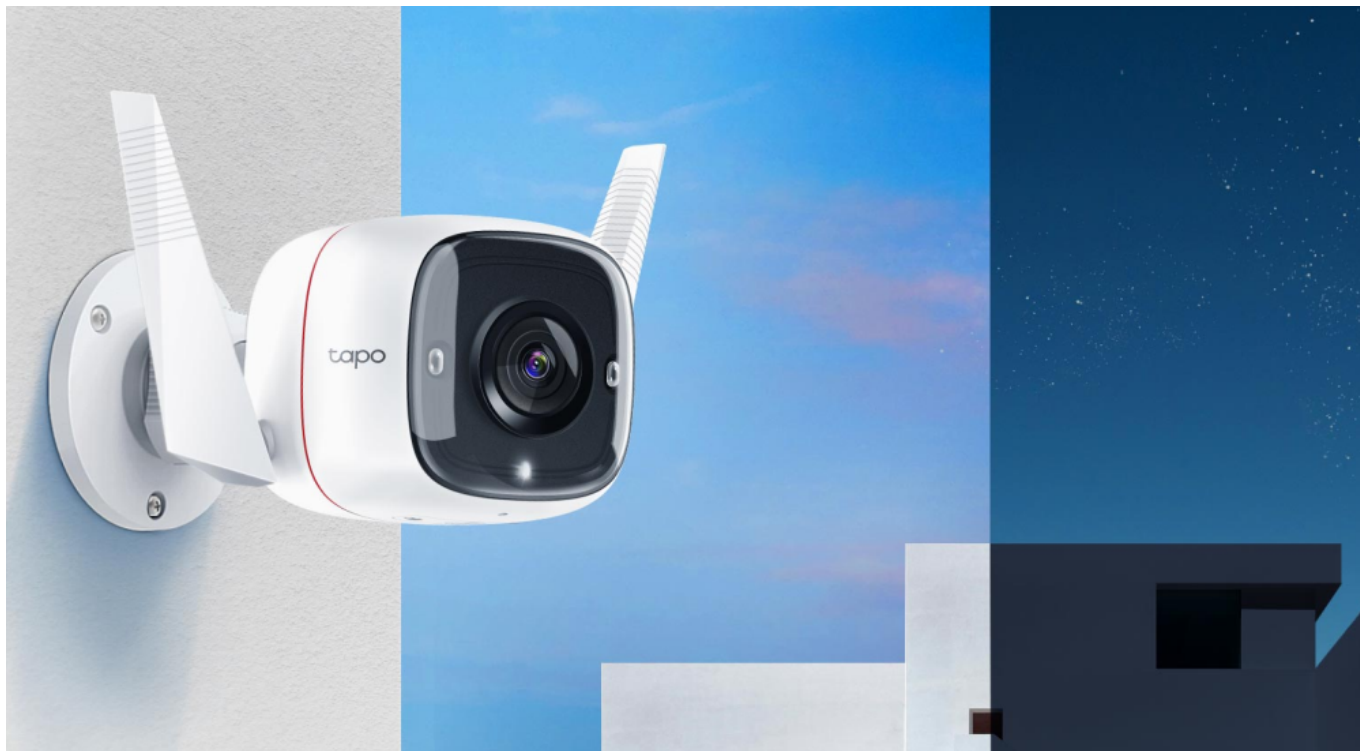

Regulatory Approvals	CE, NCC
Storage relative humidity (H-H)	5 - 90%
Height	64.3 mm
LED indicators	System
Video streaming	Yes
Width	142.3 mm
Depth	103.4 mm
Connectivity technology	Wired & Wireless
Maximum resolution	2304 pixels
Security algorithms	128-bit AES
Field of view (FOV) angle	104 °
Storage temperature (T-T)	-40 - 70 °C
Audio system	2-way
Frame rate	15 frames per second
Infra-red wavelength	850
Night mode	Yes

Package weight	420 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85258900
Networking standards	IEEE 802.11b
Ethernet LAN (RJ-45) ports	1
DC output voltage	9
DC output current	0.6 A
Number of cameras	1
Number of lenses	1
Weatherproof	Yes
DC-in jack	Yes
Video motion detection	Yes
Protection features	Dust resistant
Operating temperature (T-T)	0 - 40 °C
LED type	IR
Package depth	201.5 mm
Package height	92.5 mm
Package width	189.5 mm
Maximum aperture number	2.2
Reset button	Yes
Card reader integrated	Yes
Built-in microphone	Yes
Total megapixels	3 MP
Video formats supported	H.264
Maximum memory card size	128 GB
Compatible memory cards	MicroSD (TransFlash)
International Protection (IP) code	IP66
Day/night mode	Yes
Fixed focal length	3.89 mm
Wi-Fi standards	802.11b
Wi-Fi	Yes
Bluetooth	No
Ethernet LAN	No
AC input frequency	50 Hz
AC input voltage	100 V
Built-in speaker(s)	Yes
Mobile operating systems supported	Android 4.4
Number of sensors	1
Built-in HDD	No
Power source type	AC
Night vision distance	30 m
Camera tilt control	No
Camera pan control	No
Product colour	White
Mounting hardware type	Wall
Type	IP security camera
Designation	Outdoor

Full product description

TP-Link Tapo C310 IP Camera

The camera delivers **3MP HD (2304x1296 pixels)** video, works with wired or wireless connections, and does not require a separate hub. It offers local video recording via microSD cards, two-way audio and a built-in siren to warn of intruders, and has impressively good night vision. The camera has an **IP66** weatherproof rating and works with Google Assistant.

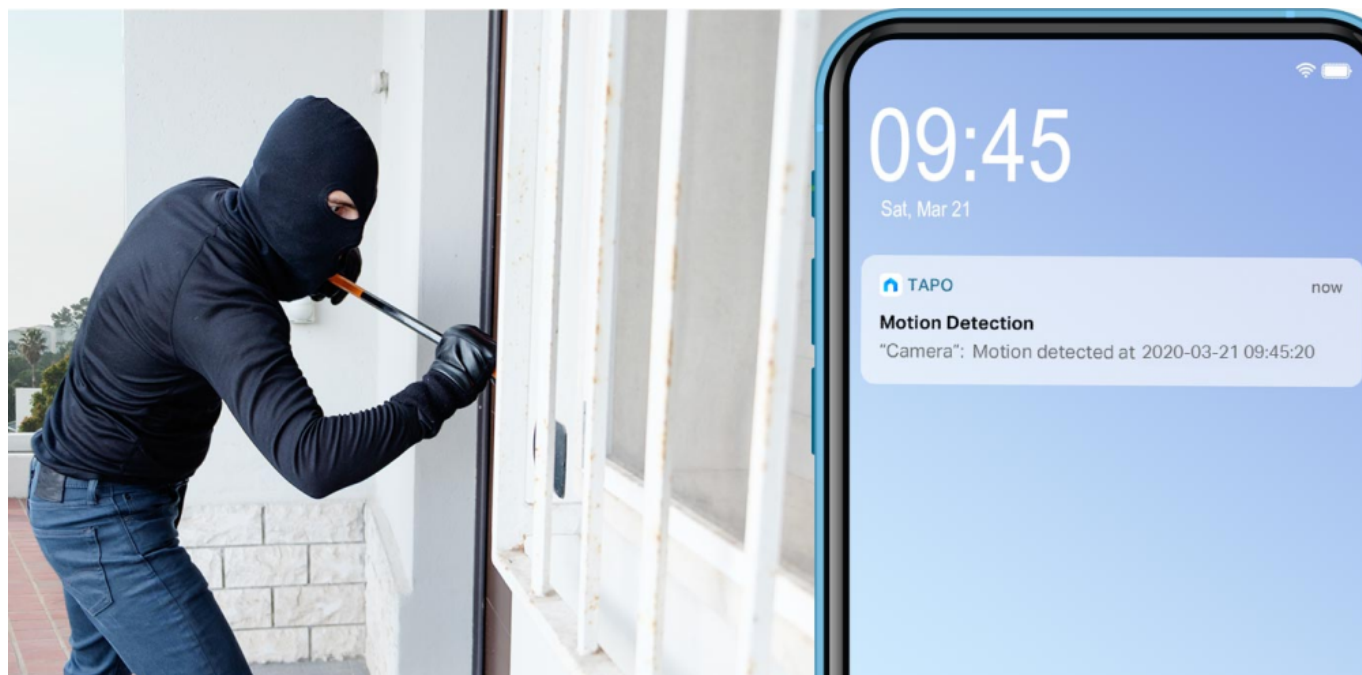

Excellent image resolution

TP-Link Tapo C310 is an excellent outdoor surveillance camera with a 1/2.7" image sensor and three different quality levels: **720p, 1080P HD and 3MP HD**. The camera has a 3.89mm focal length, and is equipped with infrared LEDs for night vision and can detect motion from up to 30 meters away.

Motion detection and notifications

The camera is equipped with artificial intelligence that allows it to detect motion and start recording while sending a notification to your smartphone, eliminating false alarms. This allows you to feel safe in your own home 24/7.

Wired and Wi-Fi connection

The **TP-Link Tapo C310** camera offers a choice between connecting to a router via a wired Ethernet cable or using Wi-Fi. For longer distances, a wired connection may be the better choice, no more worrying about poor Wi-Fi coverage.
