Price: **58.73 zł** gross / 47.75 zł net

Manufacturer: TP-LINK

Referention number: DNXXGGHJNMRMMKN

Product features

Regulatory Approvals	CE, RoHs
Height	72 mm
LED indicators	Power
Width	51 mm
Depth	40 mm
Connectivity technology	Wireless
Oven input frequency	2.4 MHz
Maximum input power	2300 W
Package weight	120 g
Humidity measurement range	10 - 90%
Operating temperature (T-T)	0 - 35 °C
Package depth	84 mm
Package height	53 mm
Package width	74 mm
Wireless technology	Bluetooth / Wi-Fi
Works with Amazon Alexa	Yes
On/off switch	Yes
Number of smart plugs	1
Operated via iPhone/iPad	Yes
Operated via Android devices	Yes
Wi-Fi standards	802.11b
Wi-Fi	Yes

AC input frequency	50 Hz
AC input voltage	220 V
Mobile operating systems supported	Android 4.3
Product colour	White
Works with Google Home	Yes
Watch case material	Polycarbonate (PC)
Designation	Indoor
Maximum spike current	10 A

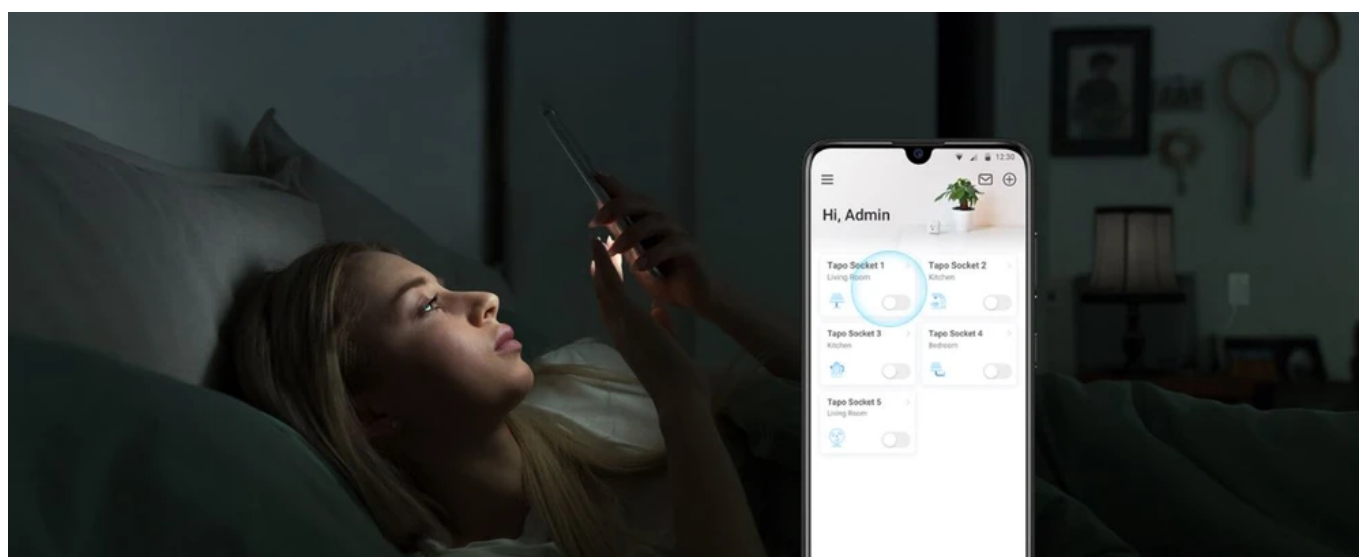

Full product description

Big support for small home appliances - Tapo P100

Instantly turn connected devices on and off wherever you are all with the **Tapo** app. The device is designed to make your life easier and help eliminate potential security risks.

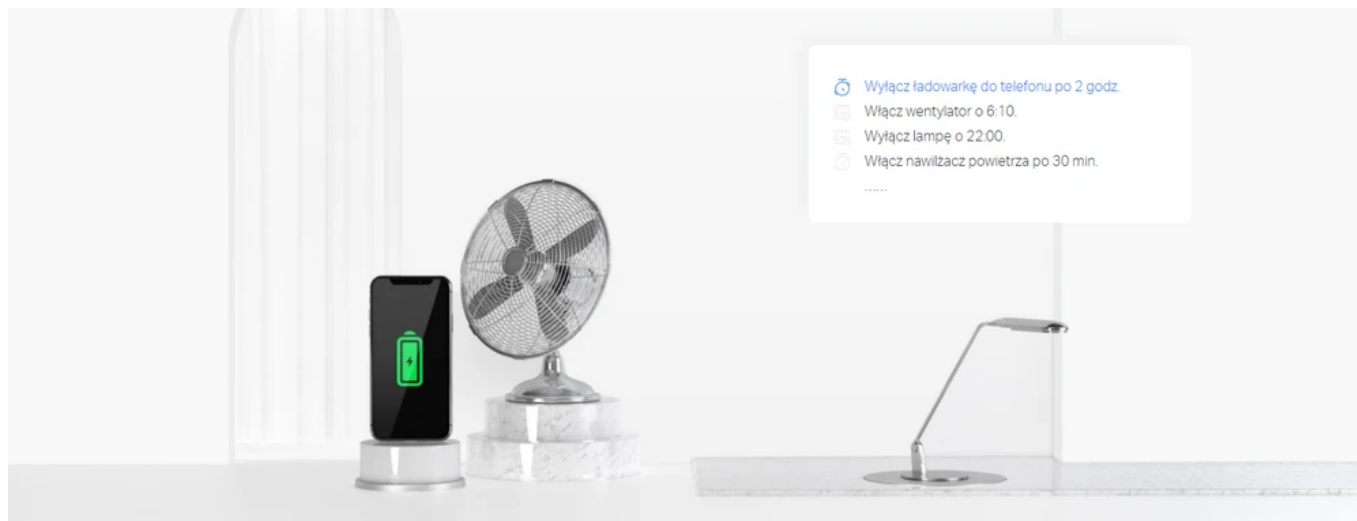

Special features:

- Remote control.
- Schedule.
- Timer.
- Voice control.
- Out-of-home mode.
- Compact design.
- Easy setup.

Live smarter with time programming

Schedule and timer functions allow you to create a weekly schedule and plans. All connected electronics will automatically operate according to the set time, making **your life even smarter, more convenient and energy efficient**.

A robber-repellent for your home

Tapo P100 is equipped with an **absence mode**, a function that intelligently simulates being at home by switching on and off a connected device (e.g. lamps). Even when you are not at home, you will give the impression of being at home and protect yourself from potential robbers.

Share access with the rest of the household

Don't limit yourself to a single person being in control, family members can directly share management privileges.

Enjoy easy, user-friendly setup and use

Unique **Bluetooth Onboarding** technology simplifies setup steps while providing a faster connection and eliminates the hassle of error matching.
