Price: **78.98 zł** gross / 64.21 zł net

Manufacturer: TP-LINK

Referention number: DNXGFOHLJRMMIN

Product features

Antenna type	Directional antenna
Storage temperature (T-T)	-30 - 75 °C
Antenna gain level (max)	9 gain
Impedance	50 Ω
Operating temperature (T-T)	-20 - 65 °C
Product colour	Black
Horizontal beam width	60 °
Vertical beam width	76 °
Polarization	Vertical polarization
Gain	9 gain

Full product description

Omnidirectional desktop antenna TP-Link TL-ANT2409A

The **TL-ANT2409A** directional antenna, with an energy gain of 9 dBi, uses the 2.4 GHz frequency band to extend the range of wireless transmission and improve performance. The antenna is equipped with RP-SMA female connector, so it can work with most wireless devices. It guarantees a significant increase in Wi-Fi coverage and requires no configuration. Installation of the device is extremely easy. The antenna works with most of the wireless devices available on the market, equipped with attachable, external antennas (access points, routers, bridges, network cards).

Features of the TP-Link TL-ANT2409A 9 dBi directional antenna:

- 9 dBi antenna gain provides long-distance point-to-point connections inside and outside buildings
- The CFD-200 cable is 100 cm long for convenient installation and low signal losses
- RP-SMA female connector allows to connect the antenna to most access points and wireless routers

- The included mounting elements facilitate simple installation
