Price: **242.99 zł** gross / 197.55 zł net

Manufacturer: TP-LINK

Referention number: DNXEDKORKRMMPH

Product features

Storage relative humidity (H-H)	5 - 90%
Power source	DC/PoE
Height	27 mm
LED indicators	Yes
Wall mountable	Yes
Width	171 mm
Depth	98 mm
Auto-negotiation	Yes
Input current	1.31 A
Storage temperature (T-T)	-40 to 70 °C
Rack mounting	No
Compliance certificates	CE
Fanless	Yes
Power consumption (max)	66 W
IPv4 & IPv6 features	IPv6 portal
Package weight	970 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Switching capacity	1.6 Gb/s
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No

Full duplex	Yes
MAC address auto-learning supported	Yes
MAC address auto-aging supported	Yes
Auto MDI/MDI-X	Yes
Operating temperature (T-T)	0 - 40 °C
Package depth	280 mm
Package height	68 mm
Heat dissipation	248.93 British thermal unit per hour
AC adapter included	Yes
Package width	223 mm
Package type	Box
Total Power over Ethernet (PoE) budget	57 W
User guide	Yes
Half duplex	Yes
Flow control support	Yes
MAC address table	2000 entries
Power supply included	No
Power over Ethernet (PoE)	Yes
AC input frequency	50 Hz
AC input voltage	220 V
Fast Ethernet (copper) ports quantity	8
Power over Ethernet plus (PoE+) ports quantity	8
Cable types supported	Cat3
Store-and-forward	Yes
Copper ethernet cabling technology	100BASE-TX
Product colour	Black
Power connector	DC-in jack
Basic switching RJ-45 Ethernet ports type	Fast Ethernet (10/100)
Watch case material	Metal
Basic switching RJ-45 Ethernet ports quantity	8
Stackable	No
Sustainability compliance	Yes

Full product description

TL-SF1008P - 8-port PoE desktop switch

TL-SF1008P is an unmanaged switch with 8 10/100 Mbps ports. The switch does not require configuration. It has **4 PoE (Power over Ethernet)** ports. It can automatically detect and power all **IEEE 802.3af** compliant PDs. This solution allows you to extend the range of the network in places where there is no access to power, and we need to install IP cameras, IP phones, etc.

Preventing congestion and prioritising ports

The switch is equipped with a priority function, thanks to which the system is safe in moments of overload. Power consumption of devices powered via PoE is up to **57 W**. Devices that will be connected to higher priority ports will be powered first.

Easy to operate

The TL-SF1008P switch is easy to install and use. No configuration or installation is required. With its reliability and high transmission quality, the 8-port desktop switch TL-SF1008P 10/100, with four PoE ports, is a great solution for expanding your home or office network.
