Price: **242.86 zł** gross / 197.45 zł net

Manufacturer: TP-LINK

Referention number: DNXIJNJOHTJG

Product features

Storage relative humidity (H-H)	5 - 90%
Power source	mains electricity
Height	44 mm
LED indicators	Yes
Width	440 mm
Depth	180 mm
Auto-negotiation	Yes
Packet buffer memory	2 MB
Storage temperature (T-T)	-40 to 70 °C
Cables included	AC
Rack mounting	Yes
Compliance certificates	CE
Fanless	Yes
Power consumption (max)	3.53 W
Package weight	2340 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Switching capacity	4.8 Gb/s
Networking standards	IEEE 802.3i
Switch type	Unmanaged
10G support	No
Full duplex	Yes

Auto MDI/MDI-X	Yes
Operating temperature (T-T)	0 – 40 °C
Package depth	528 mm
Package height	80 mm
Heat dissipation	10.88 British thermal unit per hour
Package width	250 mm
Package type	Box
Rack mount kit	Yes
Supported network protocols	CSMA/CD, TCP/IP
User guide	Yes
Size (imperial)	19 "
Half duplex	Yes
Flow control support	Yes
MAC address table	8000 entries
Power supply included	Yes
Power over Ethernet (PoE)	No
AC input frequency	50 Hz
AC input voltage	100 V
Fast Ethernet (copper) ports quantity	24
Cable types supported	Cat3
Store-and-forward	Yes
Copper ethernet cabling technology	100BASE-TX
Product colour	Grey
Power connector	AC-in jack
Basic switching RJ-45 Ethernet ports type	Fast Ethernet (10/100)
Watch case material	Metal
Basic switching RJ-45 Ethernet ports quantity	24
Stackable	No
Operating system	Microsoft Windows 8, 7,Vista, XP, MAC OS, NetWare, UNIX, Linux
Sustainability compliance	Yes

Full product description

Mega popular, unmanaged 24-port switch from TP-Link TL-SF1024 19".

24-port **Fast Ethernet switch TL-SF1024** Rackmount from TP-Link has been designed to meet the needs of the most demanding users. It is reliable and easy to use, without the need for complicated management. **Switch TL-SF1024** is a cheap and efficient device that can be mounted in a 19-inch rackmount.

High performance and compact size

The switch, which is the best choice for network administrators, is equipped with **MDI/MDIX** function, so it does not require crossover cables or uplink ports. The automatic connection negotiation function provides the best performance by detecting the transmission speed of the connected device on each port. The small size of the enclosure saves space, which is important for small rooms. **LEDs** of the switch inform us about the operating status of the device and about errors encountered during transmission.

Easy to operate

Automatic operation of the switch with **plug and play** function ensures simple and trouble-free installation, especially since the switch does not require any additional software. The TL-SF1024 combines ease of use with unparalleled performance, making it an excellent device, yet economical, which will be appreciated by cost-conscious network administrators.
