Price: **79.53 zł** gross / 64.66 zł net

Manufacturer: TP-LINK

Referention number: DNXFEOMNKRMMNO

Product features

Regulatory Approvals	CE, FCC
Storage relative humidity (H-H)	5 - 90%
Height	75 mm
Antenna type	Internal
LED indicators	Yes
Width	110 mm
Depth	66 mm
Security algorithms	128-bit WEP
Storage temperature (T-T)	-40 - 70 °C
Compliance certificates	RoHS
Mac compatibility	Yes
Package weight	200 g
Power consumption (typical)	3.3 W
Humidity measurement range	10 - 90%
Data transfer rate	300 Mb/s
Harmonized System (HS) code	85176990
Ethernet LAN interface type	Fast Ethernet
Quick start guide	Yes
Networking standards	IEEE 802.11b
Ethernet LAN (RJ-45) ports	1
Wi-Fi data rate (max)	300 Mbit/s
Operating temperature (T-T)	0 - 40 °C

Package depth	101.5 mm
Package height	89 mm
Package width	156.5 mm
Cabling technology	10/100Base-T(X)
Reset button	Yes
WPS push button	Yes
Wi-Fi band	Single-band (2.4 GHz)
Wi-Fi standards	802.11b
Wi-Fi	Yes
AC input frequency	50 Hz
AC input voltage	100 V
Linux operating systems supported	Yes
Mac operating systems supported	Yes
Windows operating systems supported	Windows 10 Education
Top Wi-Fi standard	Wi-Fi 4 (802.11n)
Antennas quantity	2
Product colour	White
Type	Network repeater

Full product description

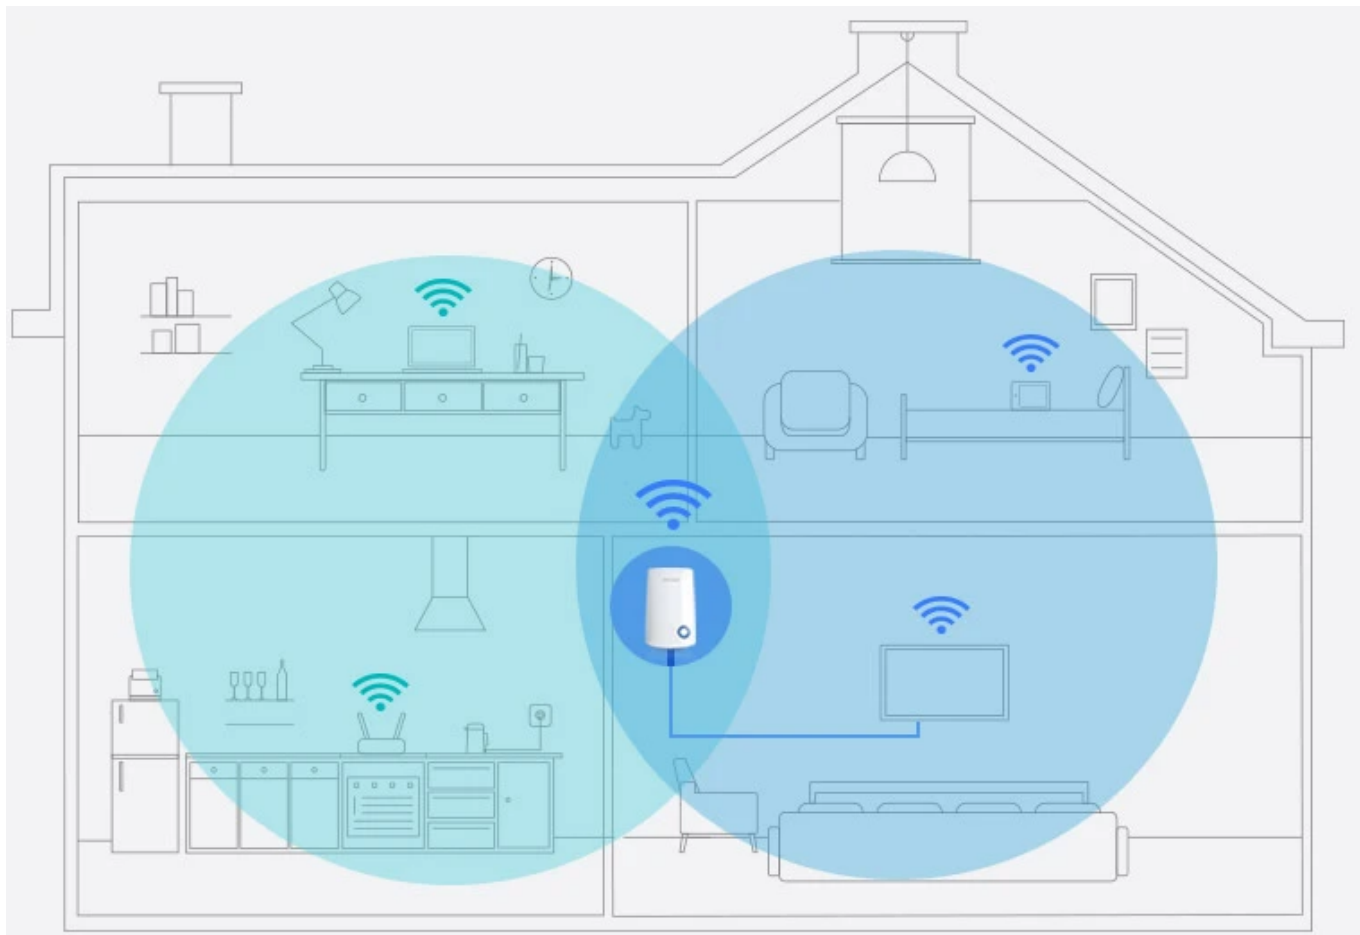

Wi-Fi Range Extender

The **TL-WA850RE WiFi Range Extender** is a device that allows you to extend the range of your wireless network in places that are difficult to put cables in and were previously unavailable. The miniature size and the possibility of mounting it in a power outlet make the device easy to install in most places. This WiFi extender is equipped with an **Ethernet** port, thanks to which you can connect delay-sensitive devices, such as an online gaming console. The **TP-Link Tether** application provides easy management of the device from your smartphone.

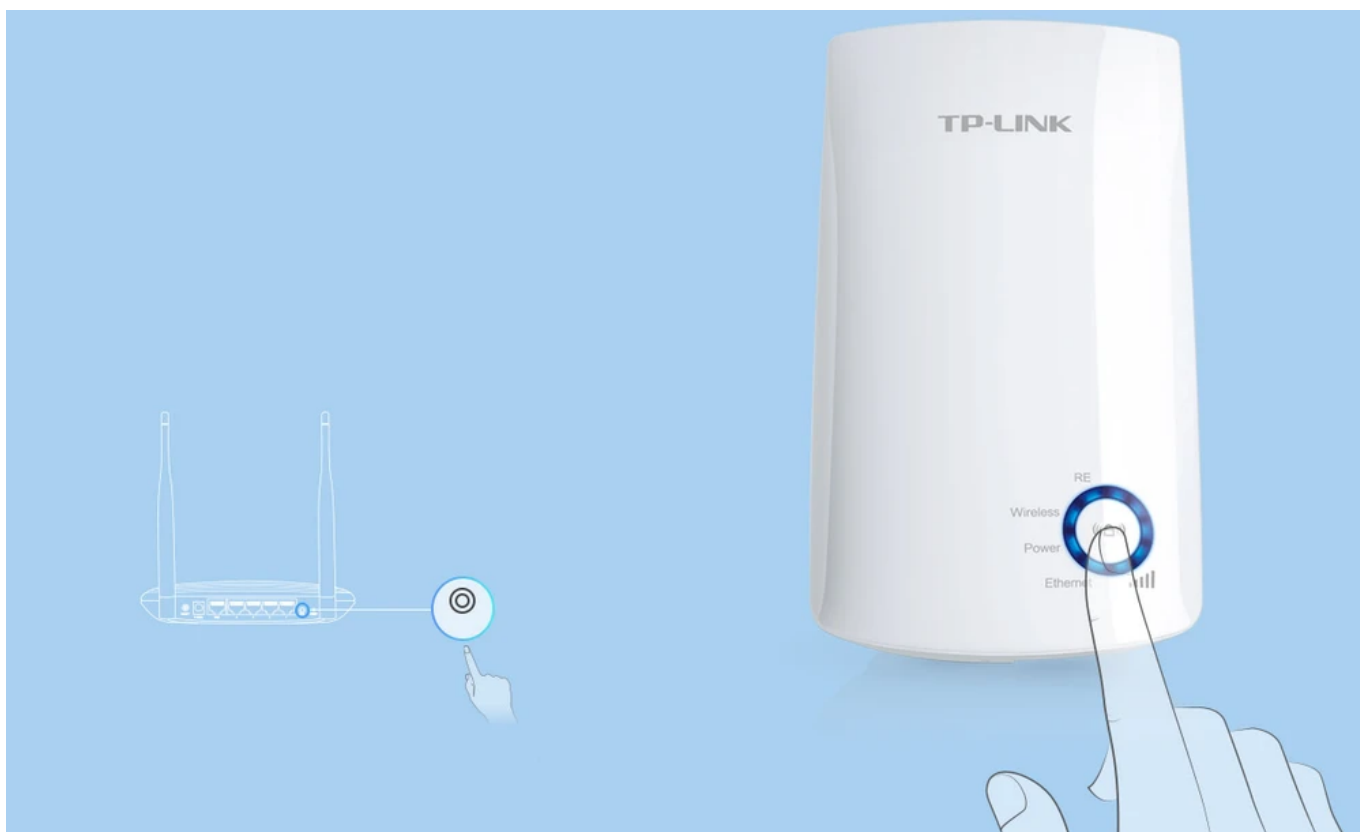

Wireless network signal amplification

Are you tired of weak Wi-Fi signal? The **TP-Link** range extender will let you easily solve this problem. With the **TL-WA850RE** you will be able to enjoy a fast and stable wireless connection throughout your home.

Trouble-free installation

Now you can easily extend your Wi-Fi range without any additional cables, all you have to do is place the TL-WA850RE in range of your existing wireless network. Simply press the **WPS button** on the router, then **Range Extender** on the amplifier and ... Done!

Connection via Ethernet cable

The **TL-WA850RE** WiFi Range Extender is equipped with an Ethernet port that allows you to connect delay-sensitive devices such as a Smart TV, a console or a PC. The TL-WA850RE has access to the Internet via both Wi-Fi and Ethernet.

LEDs with signal strength indicator

The range extender is equipped with **5 LEDs** indicating the strength of the received Wi-Fi signal, so the device can be placed in the most appropriate place where wireless performance is best.

TP-Link Tether application

Using the Tether application with an [Android](#) or [iOS](#) device you can control the range extender with many configuration options, e.g. turn off the LEDs so they do not disturb your sleep.
