Price: **65.41 zł** gross / 53.18 zł net

Manufacturer: TP-LINK

Referention number: DNXGFLJJRMLH

Product features

Regulatory Approvals	CE, RoHs
Storage relative humidity (H-H)	5 - 90%
Height	110 mm
Antenna type	Internal
LED indicators	Yes
Width	65.8 mm
Depth	75.2 mm
Security algorithms	128-bit WEP
Storage temperature (T-T)	-40 - 70 °C
Package weight	180 g
Power consumption (typical)	3.3 W
Humidity measurement range	10 - 90%
Data transfer rate	300 Mb/s
Harmonized System (HS) code	85176990
Networking standards	IEEE 802.11b
Ethernet LAN (RJ-45) ports	1
Wi-Fi data rate (max)	300 Mbit/s
Operating temperature (T-T)	0 - 40 °C
Package depth	101.5 mm
Package height	89 mm
Package width	156.5 mm
Cabling technology	10/100Base-T(X)

WPS push button	Yes
Wi-Fi band	Single-band (2.4 GHz)
Wi-Fi standards	802.11b
Wi-Fi	Yes
AC input frequency	50 Hz
AC input voltage	100 V
Linux operating systems supported	Yes
Mac operating systems supported	Yes
Windows operating systems supported	Yes
Antennas quantity	2
Product colour	White
Type	Network repeater

Full product description

Wi-Fi range extender

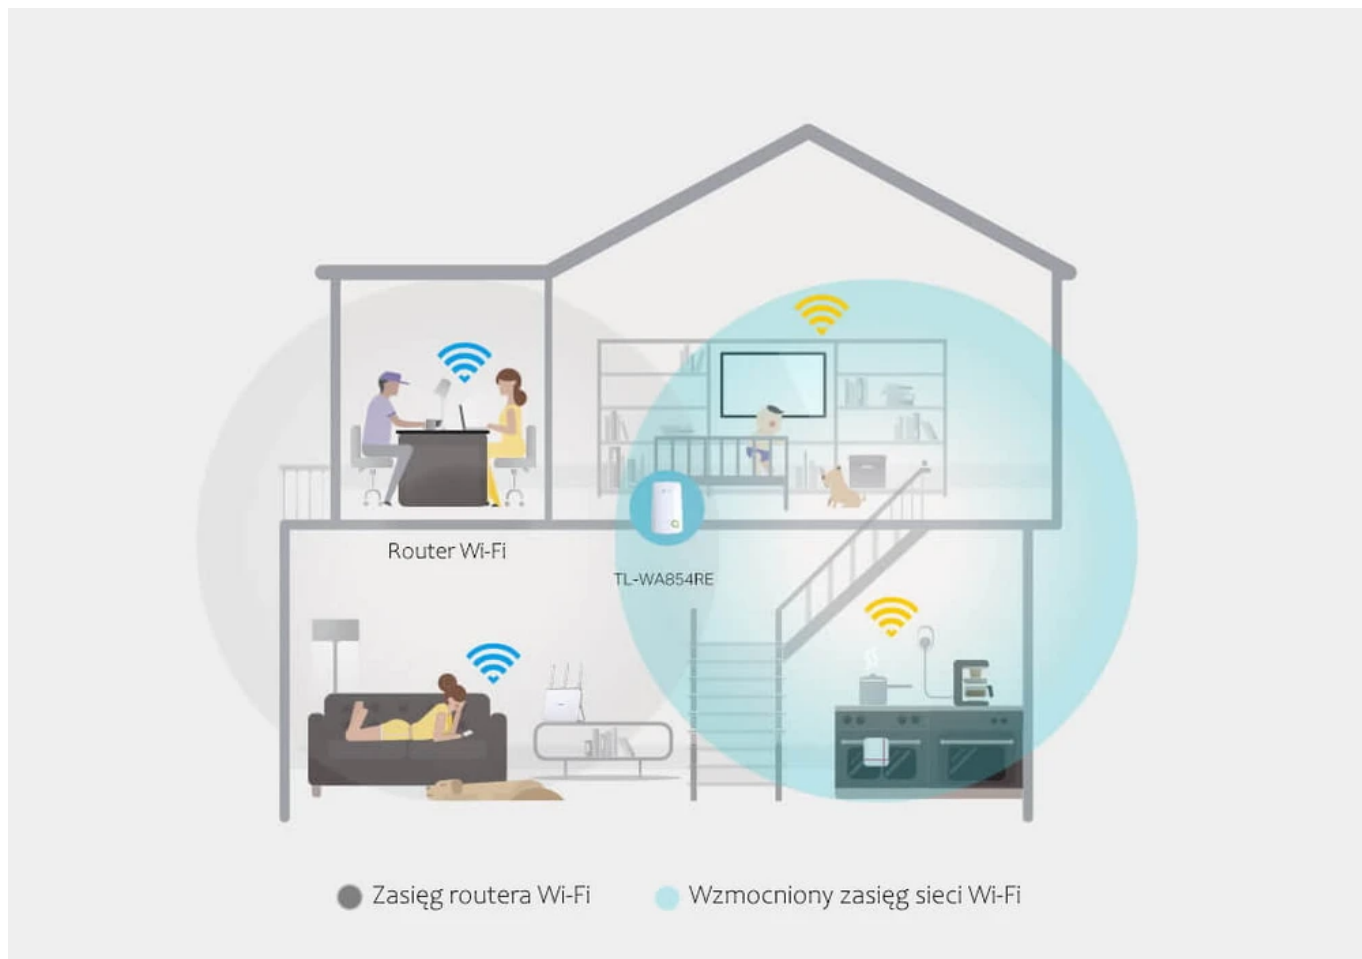

TL-WA854RE v3 Range Extender is a device that allows you to extend the range of your wireless network in places that are difficult to put cables in and were previously inaccessible. Its miniature size and ability to be plugged into a power outlet make it easy to place the device at the target location. **TP-Link Tether** application ensures easy management of the device from a smartphone.

Strengthen your wireless signal

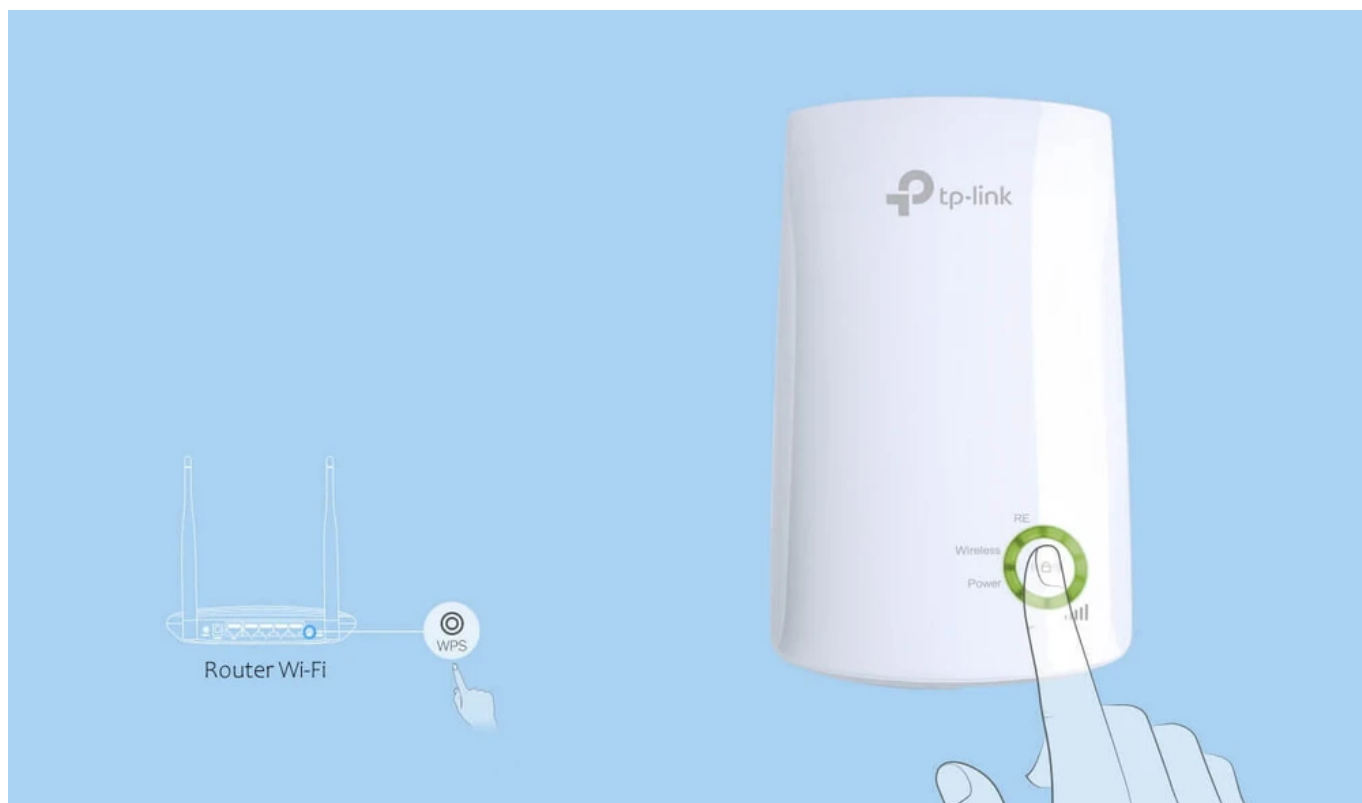

Tired of a weak Wi-Fi signal? **TP-Link's** range extender provides an easy solution.

With **TL-WA854RE v3**, you will be able to enjoy a fast and stable wireless connection throughout your home.

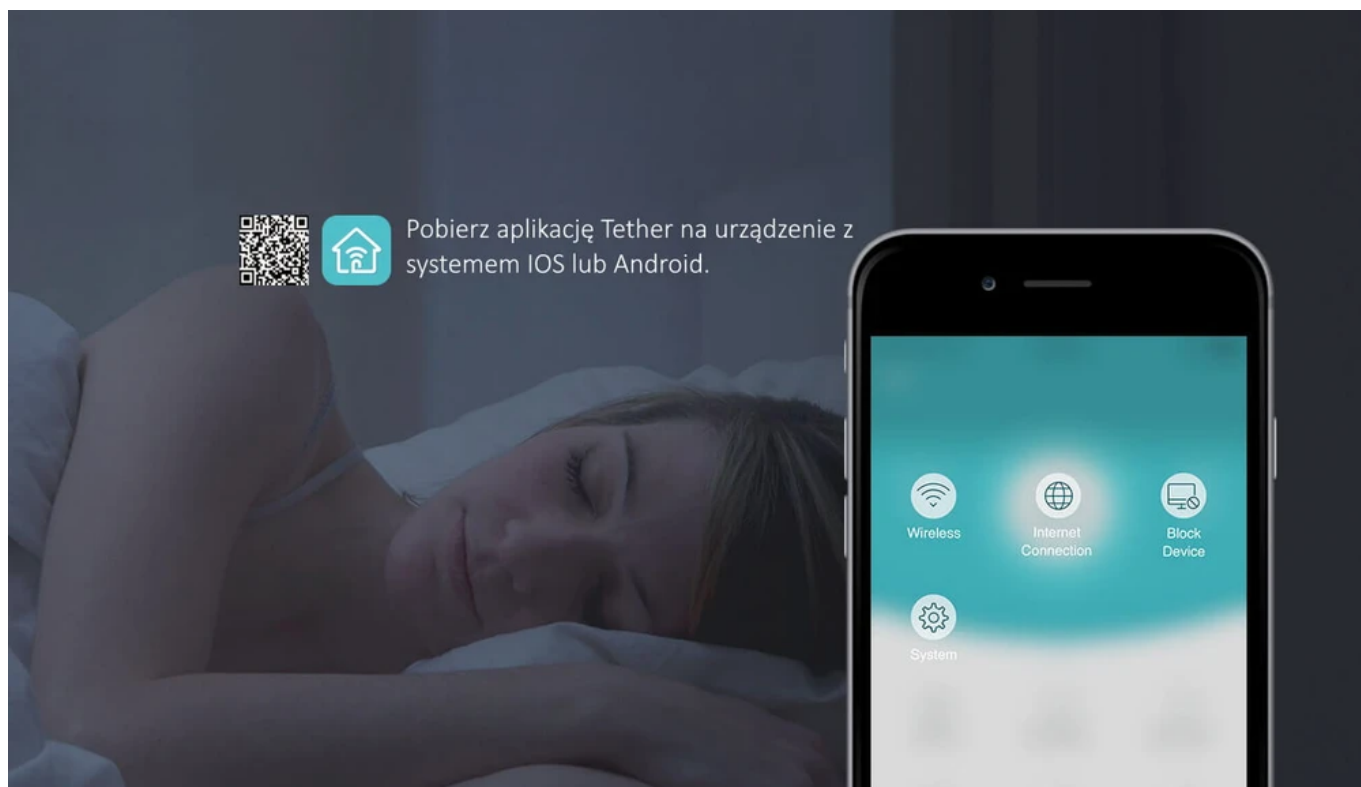

Hassle-free installation

Now you can easily extend your Wi-Fi coverage without any additional cables, you just need to place the TL-WA850RE within range of your existing wireless network. Simply press the **the WPS button** on your router, then the **Range Extender** on the amplifier and ... done!

Multifunctional Tether app

With the **Tether** app, you can control the repeater from any mobile device. Among other things, you have a night mode feature that turns off the device's lights when it's time to sleep.

LED signal strength indicator

The range repeater is equipped with **5 LEDs** that indicate the strength of the received Wi-Fi signal, so the device can be placed in the most suitable location where wireless performance is best.
