Price: **68.95 zł** gross / 56.06 zł net

Manufacturer: TP-LINK

Referention number: DNXELJJRHRMMMJ

Product features

Regulatory Approvals	CE, FCC
Storage relative humidity (H-H)	5 - 90%
Height	65 mm
Antenna type	External
Width	52 mm
Depth	34 mm
Security algorithms	128-bit WEP
Storage temperature (T-T)	-40 - 70 °C
Compliance certificates	RoHS
Mac compatibility	Yes
Package weight	200 g
Power consumption (typical)	3 W
Humidity measurement range	10 - 90%
Data transfer rate	300 Mb/s
Harmonized System (HS) code	85176990
Quick start guide	Yes
Ethernet LAN (RJ-45) ports	1
Wi-Fi data rate (max)	300 Mbit/s
Operating temperature (T-T)	0 - 40 °C
Package depth	101.5 mm
Package height	89 mm
Package width	156.5 mm

Cabling technology	10/100Base-T(X)
Package type	Box
Reset button	Yes
Wi-Fi band	Single-band (2.4 GHz)
Wi-Fi standards	802.11b
Wi-Fi	Yes
AC input frequency	50 Hz
AC input voltage	100 V
Linux operating systems supported	Yes
Mac operating systems supported	Yes
Windows operating systems supported	Windows 10 Education
Antennas quantity	2
Product colour	White
Watch case material	Plastic
Type	Network repeater

Full product description

Wi-Fi Range Extender - TL-WA855RE from TP-Link

Expand your wireless network and ensure outstanding link performance with the **TL-WA855RE** signal amplifier. The device will extend your Wi-Fi network to more zones, and two adjustable external antennas will provide incredible network optimization and connection stability. Configure your power schedule with **TP-Link Tether** and save on electricity bills.

Small size, big power

Despite the small size of the device, its capabilities may surprise many users. The range extender easily allows you to **expand your wireless network** to places where a wireless router cannot do it alone. The amplifier is compatible with any wireless router and wireless access point.

Reliable network

TL-WA855RE has two external antennas with **MIMO** technology, which allows to increase speed and ensures high stability and no interference of the wireless network. Installation of the device is extremely convenient, just press the **WPS** button on the wireless router and then the **Range Extender** button on the amplifier.

Convenient, intuitive management

The Wi-Fi range extender is compatible with the **TP-Link Tether** application available on [iOS](#) and [Android](#), which allows you to manage many useful features such as range control, access control and power scheduling. You will be able to change the transmission power to control the range, secure the network by restricting access or set the time of operation to save power.
