Price: **60.07 zł** gross / 48.84 zł net

Manufacturer: TP-LINK

Referention number: DNXIJOILOHSQL

Product features

Storage relative humidity (H-H)	5 - 90%
Height	16.8 mm
Modulation	16-QAM
Width	90 mm
Depth	68 mm
Connectivity technology	Wireless
Security algorithms	128-bit WEP
Operating modes	Infrastructure mode
Storage temperature (T-T)	-40 to 70 °C
Compliance certificates	CE
USB ports quantity	1
Maximum data transfer rate	300 Mb/s
Package weight	210 g
Interface	WLAN
Humidity measurement range	10 - 90%
Antenna	Yes
Harmonized System (HS) code	85176990
Networking standards	IEEE 802.11b
Antenna gain level (max)	3 gain
Operating temperature (T-T)	0 - 40 °C
Package depth	150 mm
Package height	39 mm

Package width	200 mm
Wi-Fi band	Single-band (2.4 GHz)
Wi-Fi standards	802.11b
Wi-Fi	Yes
Linux operating systems supported	Yes
Mac operating systems supported	Mac OS X 10.10 Yosemite
Windows operating systems supported	Windows 10
Top Wi-Fi standard	Wi-Fi 4 (802.11n)
USB version	2.0
Antenna design	External
Antenna direction type	Omni-directional
Product colour	White
Host interface	Mini-USB
Internal	No
Sustainability compliance	Yes

Full product description

Network card with standard N - TL-WN822N USB

The TL-WN822N is a **wireless long range network card** operating in the **N** standard and reaching speeds of up to **300 Mb/s**. The device allows you to connect your laptop or desktop computer to a wireless network, giving you a guarantee of high quality connection. Excellent speed in a great standard makes this network card ideal for streaming HD video or online games.

Two antennas with a 3 dBi gain

The network card TL-WN822N has two external antennas with **3 dBi** gain, which can be set in different directions. This solution allows to adjust the device to the working conditions and user's needs.

High transmission quality

The device is compatible with wireless products operating in the **IEEE 802.11n/b/g** standard and provides continuous, stable data transmission. The card is equipped with a modern external desktop casing. TL-WN822N has a **WPS** button, which allows you to quickly connect to the wireless network without having to remember the password.

Easy to operate

A CD with an installation wizard is included, allowing you to configure our equipment and network settings, such as data transfer security and wireless settings. The TL-WN822N network card is equipped with an additional 1.5 meter USB cable for convenient installation.
