Full product description

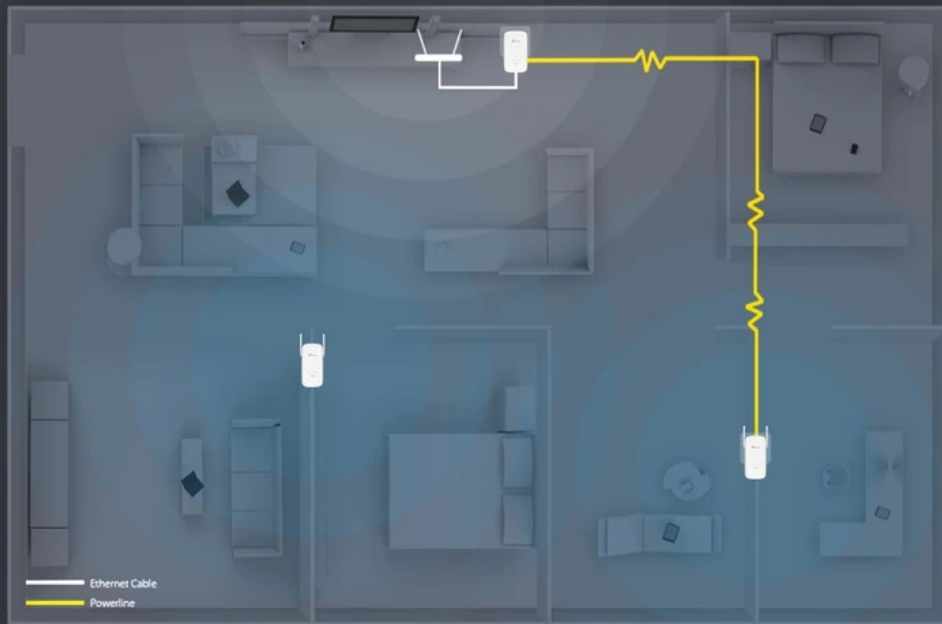

Enjoy excellent Wi-Fi coverage throughout your home

The **TP-Link TL-WPA8630 KIT** starter set enables you to extend the range of Wi-Fi networks in the whole house, as well as to create a unified network using the existing electrical installation, thus providing access to high-speed Internet wherever you have an outlet. The set consists of **TP-Link TL-PA8010** and **TP-Link TL-WPA8630** adapters.

Extend your Wi-Fi network with existing electrical wiring

Connect the TL-WPA8630P to your Internet connection and share the network with all your favorite wired and wireless devices anywhere in the house. **The adapter distributes the Internet over the entire electrical network.** Simply plug another adapter into every outlet and have the Internet all over the house, without having to install extra cables in every room. The advanced **HomePlug AV2** technology not only provides **ultra-fast data transmission**, but also **a wide range** in every corner of your home.

Pair it up, pair it up and use it!

Press the "**Pair**" button on both adapters to create a secure network. With the push of a button, you can access the Internet throughout your home. The adapter is energy efficient and **saves up to 85% energy**. With a fast Internet connection, you can watch online videos, play online games, stream HD, 3D and even 4K videos, and download large amounts of data.

TP-LINK TL-WPA8630 PUTTY

Dual-band AC1350 Wi-Fi with a total speed of 1350Mbps

HomePlug AV2 - provides very high data transmission speeds in the electrical network up to 1300Mbps

2x2 MIMO - allows you to create several simultaneous connections, so you can enjoy higher power line speeds and better stability

Automatic Wi-Fi sync - makes it easy to add more extensions to your network by evenly synchronizing settings such as SSID, password, Wi-Fi schedule and schedule LEDs for all devices on your network

Wi-Fi Clone - automatically copies the network name (SSID) and the router's password with one press of the Wi-Fi clone button

Plug & Play - Connect, pair and use your network in minutes
