Product features

Height	87.4 mm
Width	442.4 mm
Depth	63.5 mm
Mounting kit	Yes
Quick installation guide	Yes
Rack capacity	2U
Product colour	Steel
Watch case material	Aluminium
Type	Vented blank panel
Product weight	627 g

Full product description

Meet Ubiquiti 2U Rack Mount Vented OCD Panel - a vented bezel that combines aesthetics, functionality and performance!

This front panel is the perfect solution for managing airflow in your rack, providing optimal cooling and protection for your network equipment. With its sturdy construction and sleek design, it is an essential accessory for any professional installation.

Optimal cooling

The Ubiquiti 2U Rack Mount Vented OCD Panel provides **effective airflow management** to help maintain optimal temperatures inside the rack. Thanks to the vented design, heat is effectively dissipated, preventing equipment from overheating. This increases their performance and lifespan.

Robust construction

The panel is made of high-quality aluminum alloy and cold-rolled carbon steel (SPCC), which guarantees **durability and resistance to damage**. These materials are durable and corrosion-resistant, which makes the panel retain its properties for a long time. The robust design also provides additional protection for the equipment in the rack.

Elegant design

Thanks to its painted surface, the panel looks very **aesthetically pleasing and professional**. The elegant design blends perfectly with other elements of the network infrastructure, improving the overall appearance of the rack. It makes the whole installation look neat and organized.
