

Ubiquiti AF-5XHD | Radioline | AirFiber, 5GHz, GPS, 1x RJ45 1000Mb/s

link to the product:

<https://www.batna24.com/gb/p/radio-lines/ubiquiti-af-5xhd-radioline-airfiber-5ghz-gps-1x-rj45-1000mb-s>

Price: **1,719.86 zł** gross / 1,398.26 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGFMNKRMMNL

Product features

Regulatory Approvals	FCC
Height	224 mm
Output voltage	24 V
Modulation	QAM
Width	82 mm
Depth	48 mm
Security algorithms	256-bit AES
Mounting kit	Yes
Maximum data transfer rate	1000 Mb/s
Power consumption (max)	12 W
Harmonized System (HS) code	85176990
Ethernet LAN (RJ-45) ports	2
Operating temperature (T-T)	-40 - 55 °C
Frequency range	100 MHz
Maximum outdoor range	200000 m
Output current	1 A
International Protection (IP) code	IP67
Operating system installed	AirOS
Power over Ethernet (PoE)	Yes
Placement	Wall
AC input voltage	20 V
Product colour	White

Antenna connector type	RP-SMA
Position location	Yes
Internal	No
5 GHz	Yes
Product weight	350 g

Full product description

A new standard for the performance of WISP links

True **PTP 1Gbps+** technology, frequency efficient and interference resistant, especially designed for WISP.

Complete equipment adapted to the CIS

Our main processor for processing calls exceeds all the limits associated with general Wi-Fi chips.

LTU technology

Comparison of the performance of the 802.11n, 802.11ac, airFiber Original and LTU spectrum in different years.

AirFiber AF-5XHD uses Ubiquiti's airOS® LTU software, which offers many advanced features

The device offers many new features to make networking easier. It is faster and easier to use and more resistant to interference. It also has **frequency splitting functions** and **4096QAM**, which provides unparalleled performance.

IP-67 resistance

AirFiber 5XHD is waterproof and works in all weather conditions.
