Price: **4,557.77 zł** gross / 3,705.50 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKHPDRML0M

Product features

Regulatory Approvals	FCC, IC, CE, terragraph
Product type	Network bridge
Height	779 mm
LED indicators	LAN
Width	383 mm
Depth	664 mm
Connectivity technology	Wired
Security algorithms	WPA2-PSK
RAM type	DDR4
Network Time Protocol (NTP) client	Yes
Maximum data transfer rate	6000 Mb/s
Power consumption (max)	31.2 W
Humidity measurement range	5 - 95%
Operating temperature (T-T)	-40 to 131 °F
Ethernet LAN interface type	Gigabit Ethernet
Ethernet LAN (RJ-45) ports	1
Power LED	Yes
IFU / User manual	Yes
Material	Polycarbonate (PC)
Operating temperature (T-T)	-40 to 55 °C
Reset button	Yes
Processor frequency	1600 MHz

Web-based management	Yes
Mounting bracket(s) included	Yes
Ethernet LAN data rates	1000 Mb/s
Power supply included	Yes
Power over Ethernet (PoE)	Yes
Internal memory	2048 MB
Ethernet LAN	Yes
Power over Ethernet (PoE) voltage	48 V
Power source type	PoE
Product colour	White
Maximum transfer distance	4000 m
Mounting hardware type	Pole
Product weight	8600 g

Full product description

Meet the advanced Ubiquiti AF60-XG-EU radiolink, designed specifically for professionals looking for a reliable and fast long-distance connection.

This advanced product offers unparalleled performance, speed and reliability, meeting the expectations of even the most demanding users. With a range of up to 4 km and transmission speeds of up to 6 Gbps with channel bonding, the Ubiquiti AF60-XG-EU is ideal for professionals looking for the highest quality network connections.

High data transmission speed

The Ubiquiti AF60-XG-EU radio offers **transmission speeds of up to 6 Gbps** with channel bonding, allowing you to transfer large files and stream video at the highest quality without any latency. This incredible performance significantly increases the efficiency of any network environment. Ideal for businesses that need a reliable and fast connection.

Robust construction and weather resistance

The product is made of **UV-stabilized polycarbonate and galvanized steel**, ensuring its **durability and resistance to harsh weather conditions**. The Ubiquiti AF60-XG-EU meets IPX6 standards, which means it is water and dust resistant, guaranteeing reliable performance in all conditions. The rugged design is an assurance of the device's longevity and reliability.

Ease of installation and precise alignment

The Ubiquiti AF60-XG-EU radio comes with a precision alignment kit, making installation and setup of the device much easier. Compatibility with Ø40 to 80 mm diameter pipes makes installation quick and easy. This allows you to get your network up and running quickly and efficiently, without unnecessary complications.
