Price: **4,557.77 zł** gross / 3,705.50 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKKNERMLPQ

Product features

Regulatory Approvals	FCC, IC, CE
Product type	Network bridge
Height	383 mm
LED indicators	LAN
Modulation	16-QAM
Width	779 mm
Depth	664 mm
Connectivity technology	Wired
Security algorithms	WPA2-PSK
RAM type	DDR3
Network Time Protocol (NTP) client	Yes
Power consumption (max)	24 W
Humidity measurement range	5 - 95%
Operating temperature (T-T)	-40 to 131 °F
Ethernet LAN interface type	Gigabit Ethernet
Ethernet LAN (RJ-45) ports	1
Antenna gain level (max)	26 gain
Power LED	Yes
IFU / User manual	Yes
Material	Polycarbonate (PC)
Operating temperature (T-T)	-40 to 55 °C
Reset button	Yes

Processor frequency	1400 MHz
Web-based management	Yes
International Protection (IP) code	IPX6
Mounting bracket(s) included	Yes
Ethernet LAN data rates	1000 Mb/s
Power supply included	Yes
Power over Ethernet (PoE)	Yes
Internal memory	1024 MB
Ethernet LAN	Yes
Power over Ethernet (PoE) voltage	48 V
Processor manufacturer	Qualcomm
Power source type	PoE
Antenna design	External
Product colour	White
Maximum transfer distance	4000 m
Mounting hardware type	Pole
Operating system	Any modern web browser/iOS™ or Android™ based smartphone
Product weight	8600 g

Full product description

Ubiquiti AF60-XR-EU - a modern solution for wireless communication!

This product provides exceptional performance and stability, making it ideal for commercial and industrial applications. It provides data transmission speeds of up to 5.4 Gbps and a range of up to 15 km, so it will meet the needs of even the most demanding users.

High data transmission speed

The radio offers data transmission speeds of up to 5.4 Gbps, making it ideal for businesses in need of a fast and reliable connection. This makes it possible to transfer large files, **stream high-quality video** and **work efficiently in the cloud**. The reliability and performance of this product significantly increase the efficiency of daily business operations.

Advanced GPS features

The Ubiquiti AF60-XR-EU is equipped with a GPS module, which allows you to **precisely locate the device** and **monitor its operation**. GPS significantly simplifies the configuration and management of the radio link, providing additional security and control. As a result, users can be sure that their connection is always optimal.

Robust construction

This product is made of the highest quality materials, such as **UV-stabilized polycarbonate and steel**, which ensures its **durability and weather resistance**. The radio meets IPX6 standards, which means it is dust and water resistant. The robust design makes the Ubiquiti AF60-XR-EU an ideal choice for outdoor applications where reliability and longevity are required.
