

Ubiquiti AMO-2G13 | Omnidirectional antenna | airMAX, 2,4GHz, 13dBi

link to the product:

<https://www.batna24.com/gb/p/wi-fi-lte-antennas/ubiquiti-amo-2g13-omnidirectional-antenna-airmax-24ghz-13dbi>

Price: **932.28 zł** gross / 757.95 zł net

Manufacturer: UBIQUITI

Referention number: DNXLEKSKDPP

Product features

Regulatory Approvals	EN 302 326 DN2
Height	105 mm
Antenna type	Sector antenna
Width	1390 mm
Depth	122 mm
Harmonized System (HS) code	85177100
Antenna gain level (max)	13 gain
Mounting	Wall
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.7:1
Horizontal beam width (2.4 GHz)	7
Vertical beam width (2.4 GHz)	2
Polarization	Dual polarization
Designation	Outdoor
Product weight	2400 g

Full product description

Breakthrough 2x2 bipolarity design

This antenna is designed to integrate seamlessly with RocketM radio, with which it can create a powerful omnidirectional base station with **360°** coverage while maintaining high network performance. Ubiquiti AMO-2G13 omnidirectional antenna , thanks to its radiation characteristics allows to build a very efficient and relatively cheap base station.

Powerful coverage in all directions

Omni airMAX antennas provide 360° range, performance **2x2 MIMO** in LOS (Line-of-Sight) or NLOS (Non-Line-of-Sight) applications.

Rugged construction

The airMAX antennas have been designed with **a robust mechanical casing** for outdoor use.

Plug and Play integration

Each Ubiquiti airmax omni antenna has a built-in **Rocket holder**, so no tools are needed to install the Rocket BaseStation. Pair your Rocket radio with the Omni airmax omni antenna to create a powerful multi-directional base. This combination gives network architects unparalleled **flexibility and convenience**.
