Full product description

Advanced Access Control Features

EAH-8 is an enterprise-class access hub that allows **entry and exit control for 8 doors**. This makes managing access to different sections of the building **simple and efficient**. The hub is designed with the highest **security standards** in mind, making it **ideal** for **companies** with high **security** requirements .

Battery Emergency Power Connector

Security and reliability are key features of the **EAH-8**. The **hub** is equipped with a battery **backup power** connector, which ensures the continuity of the access control system even in the event of a **power failure**. This is an indispensable feature that guarantees uninterrupted **access and protection**, regardless of the **circumstances**.
