Full product description

Extralink HydrosPark SJ-191B Water Gassing Saturator

The **Extralink HydrosPark** is a state-of-the-art water saturator that allows you to adjust the degree of carbonation to your taste preferences. From **lightly carbonated** to **heavily carbonated**, this functional equipment provides an extraordinary water drinking experience tailored to your taste

Strong or lightly carbonated? The choice is yours

One-pack set

Ready-to-use set. The set includes not only a precision saturator, but also a **practical** 1-liter **bottle**, made of durable **PET** material for lightness and resistance to damage. Ideal for storing fresh, carbonated water. The whole set is set in a lightweight housing which makes the Extralink Hydrospace easy to handle and store, without unnecessary weight. **This kit does not include a CO2 food gas bottle.**

Lightweight and mobile

The Extralink Hydrospark is not only about the joy of drinking water, but also about **comfort**. The entire set weighs just **1 kg**, making it extremely lightweight and easy to carry. Moreover, with a long-lasting **warranty of 2 years**, you can enjoy peace of mind using this innovative saturator in your daily life

A top-down view of six hands holding different flavored water drinks in clear glass cups. The drinks include various fruits like strawberries, lemons, and limes, as well as herbs like mint. The hands are of different skin tones, suggesting a diverse group of people. The background is a light-colored, textured surface.

**NOT JUST WATER – WITH THE HELP OF
POPULAR SYRUPS YOU CAN PREPARE
YOUR FAVOURITE DRINK**

Style and versatility in one. Compatible with other CO2 cylinders

Hydrospark adapts to your taste and to your needs. With a thread that is **compatible with popular CO2 bottles**, you can easily stock up on gas, ensuring that you continue to enjoy your favorite beverage. The Extralink Hydrospark will provide the experience of a new dimension of drinking water wherever you are

IDEAL FOR THE WHOLE FAMILY
