Price: **1,330.55 zł** gross / 1,081.75 zł net

Manufacturer: UBIQUITI

Referention number: DNXFMNONDRMMMJ

**Product features**

|                             |                |
|-----------------------------|----------------|
| Regulatory Approvals        | CE, FCC, IC    |
| Product type                | Network bridge |
| LED indicators              | LAN            |
| Security algorithms         | WPA2           |
| Maximum data transfer rate  | 450 Mb/s       |
| Power consumption (max)     | 7 W            |
| Humidity measurement range  | 5 - 95%        |
| Operating temperature (T-T) | -40 to 158 °F  |
| Power consumption (24V)     | 300 mA         |
| Ethernet LAN (RJ-45) ports  | 1              |
| Antenna gain level (max)    | 23 gain        |
| DC input voltage            | 24 V           |
| Material                    | Plastic        |
| Operating temperature (T-T) | -40 to 70 °C   |
| Web-based management        | Yes            |
| Internal memory             | 64 MB          |
| Ethernet LAN                | Yes            |
| Processor model             | MIPS 74Kc      |
| Power source type           | PoE            |

|                            |        |
|----------------------------|--------|
| Product colour             | White  |
| Product dimensions (WxDxH) | 358 mm |
| Product weight             | 980 g  |

## Full product description

### Wi-Fi management

**LiteBeam® AC** integrates a separate Wi-Fi radio for quick and easy setup with a mobile device.

### Improved installation and surge protection

Equipped with enhanced ESD protection, LiteBeam® AC offers a more robust mounting with separate azimuth and height adjustments.

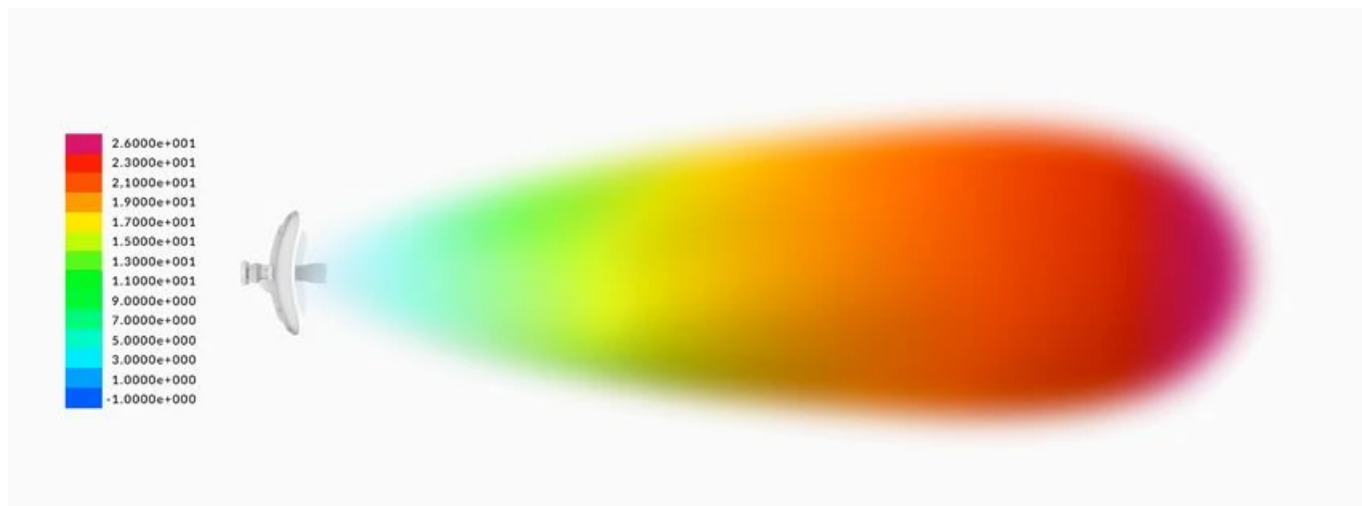

### Now with airOS8 and airView

**airOS® 8** offers advanced features including **support for airMAX ac** protocol, real-time signal analysis and a completely new design for enhanced functionality.

### Powerful 2x2 MIMO directional antenna

LiteBeam® AC provides 23 dBi gain for long-distance connections and is noise resistant.

## A breakthrough in design

LiteBeam® AC can be freely set **in three axes**, so that the assembly is done in a matter of seconds, no special tools are needed.
