Full product description

NanoBeam window handle

NanoBeam Window Mount is an optional accessory that allows the NanoBeam to be fixed firmly to the window without the need for additional tools.

Compact design

Using the compact size of the window handle you can attach **NanoBeam to the window**. The handle has a suction cup that locks in place and allows you to maintain a stable position.

Easy installation

The BNE-16-WM window handle requires no additional tools for installation and is easy and quick to install. In addition, the NanoBeam rotates on a ball joint, making it easy to adjust.
