Full product description

Light Up Your Home with Extralink Smartlife LED E27 A60 Light Bulb

The Extralink Smartlife LED bulb is the future of lighting your home. It provides the perfect light to suit every moment - from a warm, relaxing glow to bright, stimulating illumination. With WiFi connectivity and smartphone control, your lighting has never been so convenient and modern. **The Extralink Smartlife E27 A70 light bulb** is the perfect solution for both everyday use and creating a special atmosphere.

Smart light control (Smart)

With WiFi support, **Extralink Smartlife** allows you to easily manage your lighting from a mobile app. You can turn on, off and change the light color **from 2700K to 6500K** at any time. This solution is ideal for the modern home that requires convenience and flexibility.

**Control the bulb from anywhere
using the app on your phone**

Versatility of application and energy saving

The **E27 A70 LED** bulb is designed to fit most standard fixtures. With a low energy consumption of only **9 kWh per 1000 hours**, it saves on electricity bills. It's an excellent choice for those who value eco-friendly and durable products.

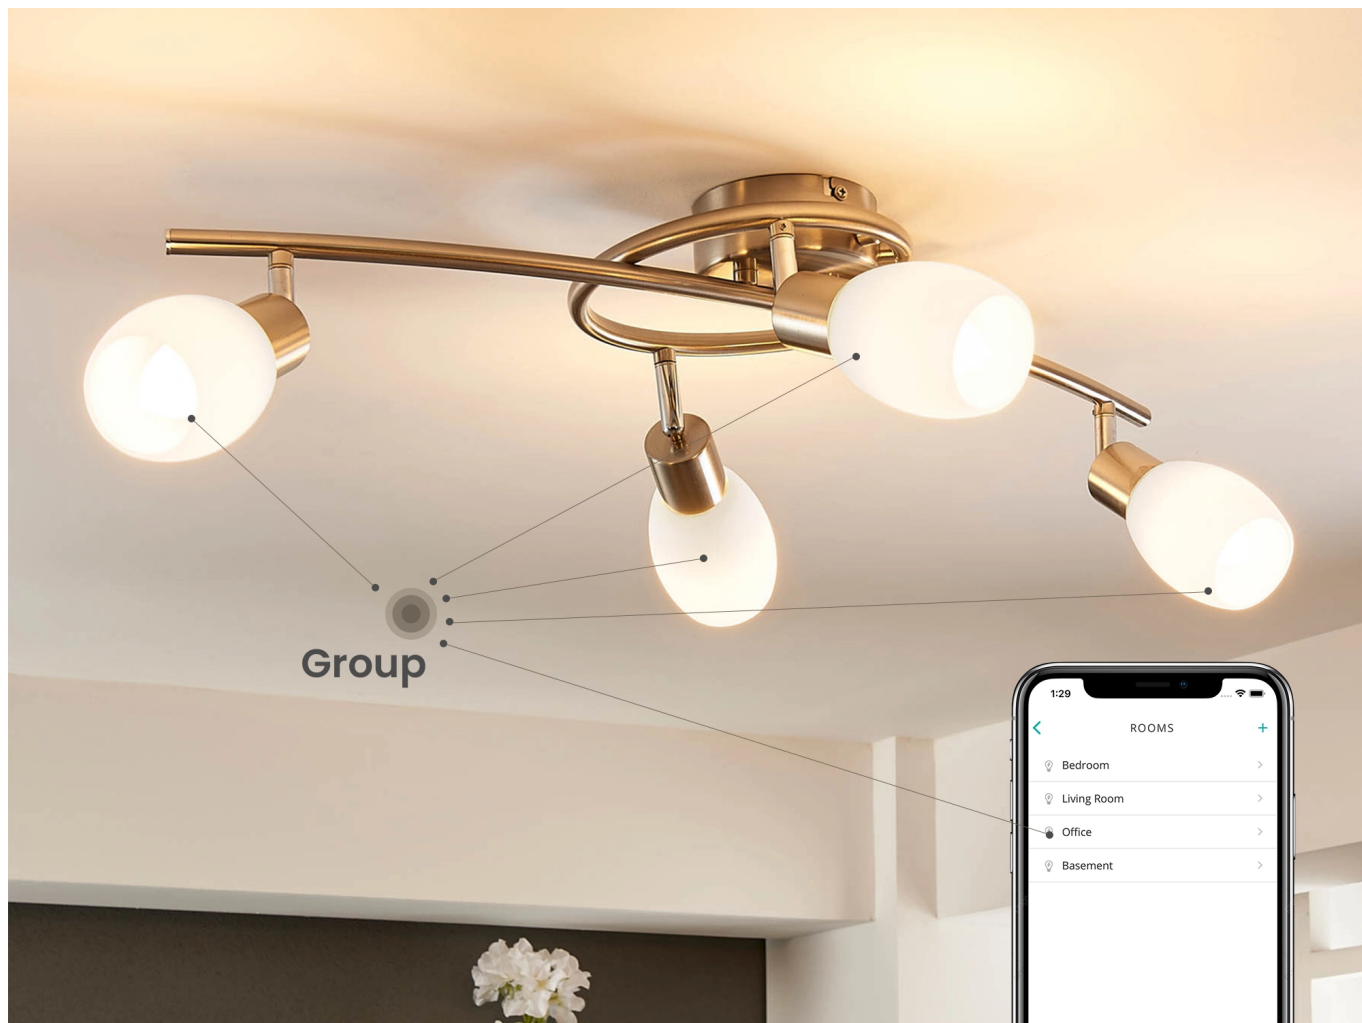

COLOUR & WHITE

Adjust the colour and
brightness of the bulb to
suit your needs

Adjustable color temperature and high quality light

The **Extralink Smartlife E27 A70 LED bulb** offers adjustable light color from warm(**2700K**) to cool(**6500K**). In addition, it has a high color rendering index(**CRI 80**), which makes the colors in the room more natural.

Grouping and controlling a group of bulbs

Easy installation and modern design

Thanks to its standard **E27** thread, installation of the bulb is extremely easy and fast. Its compact and elegant design makes it fit perfectly into the decor of any room. This is a product that combines functionality with aesthetics.
