Full product description

Extralink Smartlife GU10 G10 LED bulb - smart lighting for your home

Experience a new quality of lighting with the **Extralink Smartlife GU10 G10 2700-6500K WiFi**. This state-of-the-art **LED bulb** allows you to adjust the light color to suit any moment - from a warm, relaxing glow to bright, energizing illumination. With WiFi support and the ability to control it via the app, changing light settings is now even easier and more convenient. Discover functionality, energy savings and exceptional quality that will transform your **home**.

Intelligent control

The WiFi-enabled GU10 bulb allows you to have full control from your smartphone using apps such as **Tuya** and **Amazon Alexa**. You can turn it on, off, and change the light color from **warm (2700K)** to **cool (6500K)** depending on your mood and needs. It's perfect for modern interiors where convenience and personalization are priorities.

**Control the bulb from anywhere
using the app on your phone**

Excellent light quality

The GU10 LED bulb offers a wide beam angle of **120°**, which makes it evenly illuminate the space. With a high color rendering index (CRI 80), the colors are natural and pleasing to the eye.

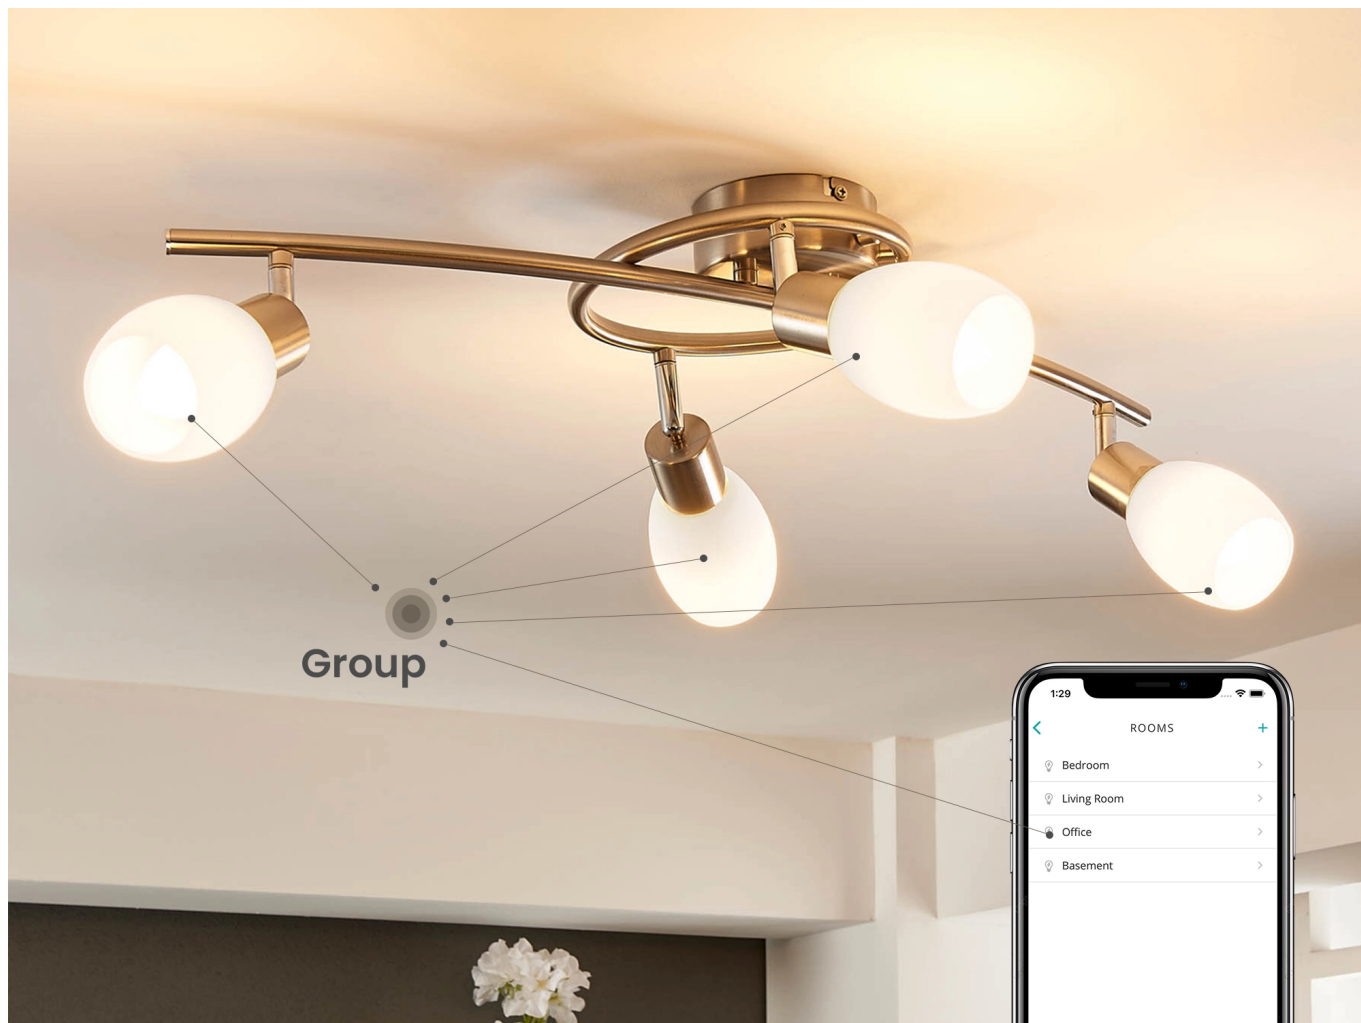

COLOUR & WHITE

Adjust the colour and
brightness of the bulb to
suit your needs

An ecological solution

This **LED GU10 G10 bulb** consumes only **5 kWh/1000 h**, which can significantly reduce electricity costs. The use of energy-saving LED technology makes the product environmentally friendly and durable, and you can enjoy the light for a long time without frequent replacement.

Grouping and controlling a group of bulbs

Versatility and easy installation

Thanks to its standard **GU10** stem, installation of the bulb is quick and hassle-free. Its compact size(**56 mm x 50 mm**) makes it fit most fixtures, both ceiling and spot. It is an ideal solution for modern LED lighting arrangements in any room.
