Price: **336.69 zł** gross / 273.73 zł net

Manufacturer: UBIQUITI

Referention number: DNXHILSKEGP

Product features

Regulatory Approvals	FCC 15.247, IC RS210, CE, RoHS
Product type	Network bridge
Height	294 mm
Width	80 mm
Depth	31 mm
Connectivity technology	Wired & Wireless
RAM type	DDR2
Power consumption (max)	8 W
Humidity measurement range	5 – 95%
Harmonized System (HS) code	85176990
Ethernet LAN interface type	Fast Ethernet
Ethernet LAN (RJ-45) ports	2
Antenna gain level (max)	16.1 gain
Flash memory	8 MB
Processor family	Atheros
Material	Plastic
Operating temperature (T-T)	-30 to 75 °C
Cabling technology	10/100Base-T(X)
Processor frequency	560 MHz
Power over Ethernet (PoE)	Yes
Internal memory	64 MB
Wi-Fi band	Single-band (5 GHz)

Wi-Fi	Yes
Ethernet LAN	Yes
Power over Ethernet (PoE) voltage	24 V
Processor model	MIPS 74Kc
Product colour	White
Mounting hardware type	Pole
Product weight	400 g

Full product description

Compact CPE design

NanoStation M features a CPE design that has expanded the global wireless internet industry.

Plug and Play installation

NanoStation®M requires no special tools, just one screw on the pole.

Versatile applications

NanoStation M can be used for point-to-point (PtP) connection or as airMAX® CPE.

Dual Ethernet connectivity

Thanks to the software-supported PoE output, a second Ethernet port can power an external device, such as a **PoE** external camera, for trouble-free video recording.

Efficient airOS functions

Ubiquiti's comprehensive **airOS** software technology enables an efficient, multi-point external network. airOS provides features such as wireless network settings, **bridge configuration** or **routing** and system management services.

Advanced software technology

Ubiquiti's **airMAX** technology has been proven in millions of product implementations worldwide, demonstrating exceptional performance in outdoor conditions. The **TDMA airMAX** protocol enables unprecedented scalability, **high speed and low latency** in unlicensed, multipoint networks.

Window/wall mounting kit

Use the NanoStation Mount to quickly mount NanoStationM on a window or wall. Vertical or horizontal adjustment of **180°** allows for any positioning.
