Price: **79.00 zł** gross / 64.23 zł net

Manufacturer: EXTRALINK

Referention number: DNxEEQHSIRMMNJ

Product features

Wall mountable	No
Suitable for outdoor use	Yes
Suitable for indoor use	No
Number of fibres supported (max)	24
Number of splice trays supported (max)	2
Mast mountable	Yes
Product colour	Black
Watch case material	Acrylonitrile butadiene styrene (ABS)

Full product description

OUTER CLOSURE FTTX SUSAN 2 TRAYS 24 WELDS / FIBRE

The **Extralink Susan** closure is an irreplaceable piece of equipment used to connect optical fibre cables. It provides protection against moisture to fiber optic cables so that they can be installed in underground cable ducts, cable trays and overhead solutions.

The included fiber optic trays give the possibility of laying 24 splice guards. The mounting brackets ensure that the cable is securely gripped and prevents it from slipping out.

The coupler is designed for mounting on poles or in cable trays. Four chokes allow for the insertion of fiber optic bus cables while ensuring adequate tightness.
