Full product description

Ubiquiti U-POE-AF

Ubiquiti's U-POE-af is a Gigabit PoE **48 V, 0.5 A** injector that is compatible with many Ubiquiti PoE devices. Features such as surge protection, clamp protection, maximum shock discharge and peak pulse current help protect PoE devices. It also provides protection against electrostatic discharges (**ESD**), which are the main cause of failure of external devices.

The most important functions:

- Surge protection
- Clamping protection
- Maximum impact discharge
- A/C cable with earthing
