Price: **494.62 zł** gross / 402.13 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGQQPLRMNLI

Product features

Height	33 mm
Antenna type	Internal
Width	160 mm
Maximum data transfer rate	1500 Mb/s
Harmonized System (HS) code	85176990
Networking standards	IEEE 802.3af
Ethernet LAN (RJ-45) ports	1
Ethernet LAN data rates	1000 Mb/s
Power over Ethernet (PoE)	Yes
MIMO type	Multi User MIMO
MIMO	Yes
Placement	Ceiling
Product colour	White
Maximum data transfer rate (5 GHz)	1200 Mb/s
Maximum data transfer rate (2.4 GHz)	300
5 GHz	Yes
2.4 GHz	Yes
Product weight	300 g

Full product description

Ubiquiti U6-Lite Access Point

UniFi 6 Lite Access Point is the latest WiFi 6 access point in the **UniFi®** series from **Ubiquiti**. It operates in the 2400-2483.5 MHz and 5150-5875 MHz frequency ranges, supporting the latest **802.11a/b/g/n/ac/ax** wireless standards. The output power of the radio module is 23 dBm (depending on the country of use).

Durable wireless network quality

UniFi 6 Lite is the first **802.11a (Wi-Fi 6)** access point with 2x2 antennas. **UniFi 6 Lite** supports innovative Wi-Fi 6 technology that enables a 29% increase in two-way wireless data rate and doubles the coverage area compared to the **UniFi AC Lite** access point. UniFi 6 Lite is able to provide a stable, high quality connection for more connected devices, **MU-MIMO** and **OFDMA** enable the most efficient use of bandwidth. UniFi **6 Lite** exchanges data with different clients in parallel mode so it achieves minimal latency, the performance increase is especially noticeable in networks of different generations of Wi-Fi devices.

Take advantage of the many programming possibilities of UniFi OS Console

Use **UniFi OS Console** software to quickly configure and administrate your enterprise Wi-Fi network, and without any special training. Radio map, performance features, real-time status, automatic **UAP device** detection and advanced security options are already integrated.

Key features:

- 5 GHz band 2x2 MU-MIMO and OFDMA up to 1.0 Gbps
- 2.4 GHz 2x2 MIMO band with 300 Mbps data rate
- For indoor or outdoor use Ip55
- Power supply via PoE (802.3af)
- Slim, sleek design for sleek installation
- Flexible mounting: on table, wall and ceiling
- Small dimensions of the device
