Full product description

Innovative NFC Reader and Intercom - UniFi Access Reader G2 Professional

Meet the **Ubiquiti Access G2 Reader Pro (UA-G2-Pro)**, a state-of-the-art second-generation **NFC** card reader that also acts as an intercom.

Modern Touch Screen with PIN Support

The **UniFi Access Reader G2 Professional** features an intuitive touchscreen that allows users to easily enter an access **PIN**. This functionality not only enhances security, but also offers users convenience and flexibility in access management. **The NFC reader** supports the latest **NFC** security standards (**13.56 MHz**) and **MIFARE DESFire** encryption with **AES-128** algorithm, which guarantees the highest level of data protection.

Easy Integration and Installation

With **802.3af PoE** support, the **UA-G2-Pro** communicates with other system components via a **LAN** port, simplifying installation and reducing **the number of cables**. Installation of the device is simple and aesthetically pleasing, possible under plaster, making it fit perfectly into any interior. The **IP55** rating ensures durability and weather resistance, making it suitable for both **indoor and outdoor** installations.
