Full product description

UniFi Access Reader Lite: Innovative Door Access Scanner

The **Ubiquiti Access Reader Lite (UA-Reader-Lite)** is a modern **access control** solution that combines convenience and security. With support for **NFC technology** and the ability to manually unlock doors, this scanner provides **the ultimate in convenience**.

Easy Installation with PoE Power Supply

Installation of the UniFi Access Reader Lite is extremely easy thanks to power **over Ethernet (PoE)**. This state-of-the-art power supply eliminates the need for additional cables, greatly simplifying installation and reducing installation costs. A single network connection is all that is needed to provide **full power and connectivity to the system**.

Convenient and Intuitive Operation

UniFi Access Reader Lite offers intuitive and convenient operation for both end users and system administrators. The ability to **unlock doors via a mobile app** provides additional flexibility and **convenience**, allowing **access to be managed from anywhere at any time**.
