Price: **3,718.20 zł** gross / 3,022.93 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGLPMMRMNGL

Product features

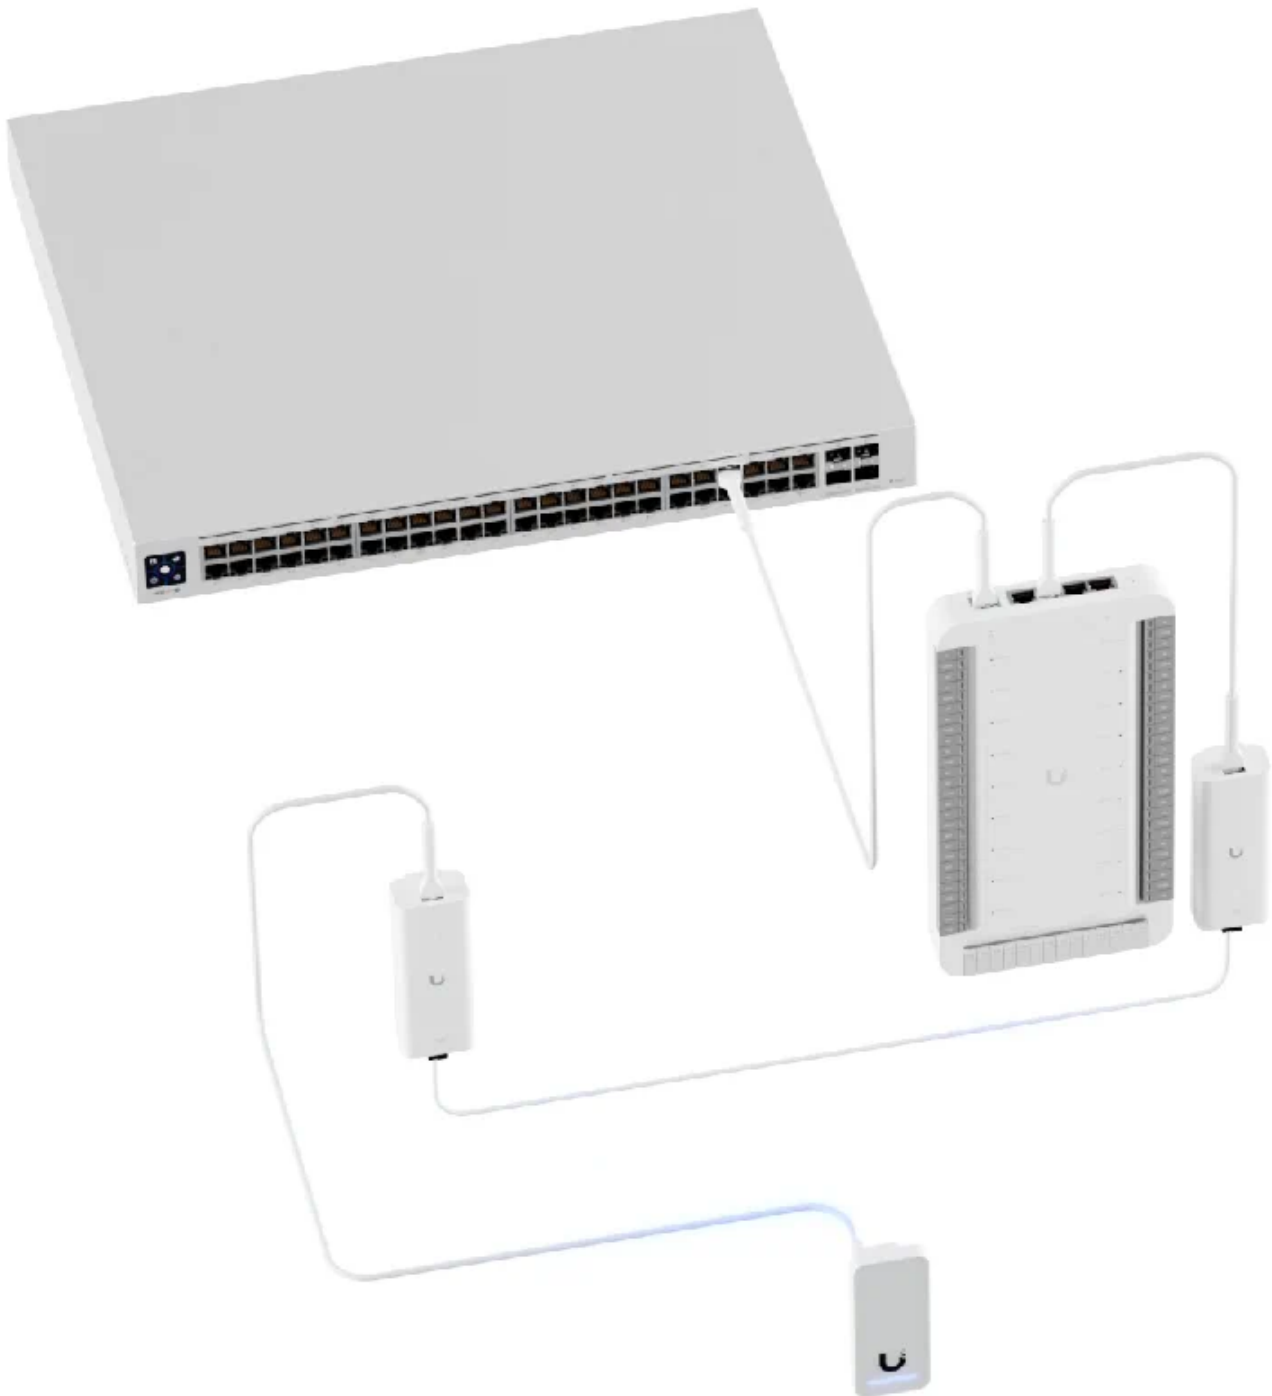

Input voltage	50 V
LED indicators	Status
Near Field Communication (NFC)	Yes
Input current	1.2 A
Compliance certificates	CE
Power consumption (max)	5 W
Access code reader	No
Access chip/card reader	Yes
Authentication type	Access chip/card
Ethernet LAN (RJ-45) ports	1
DC voltage range	48 V
Built-in relay	Yes
International Protection (IP) code	IP55
Power over Ethernet (PoE) ports quantity	1
Power over Ethernet (PoE)	Yes
Bluetooth version	4.1
Bluetooth	Yes
Power over Ethernet (PoE) power per port	7 W
Fingerprint reader	No
Front camera	No
Product colour	White
Built-in display	No

Watch case material	Polycarbonate (PC)
Type	Basic access control reader
Sustainability compliance	Yes

Full product description

Streamline Access Management with UA-SK-Elevator

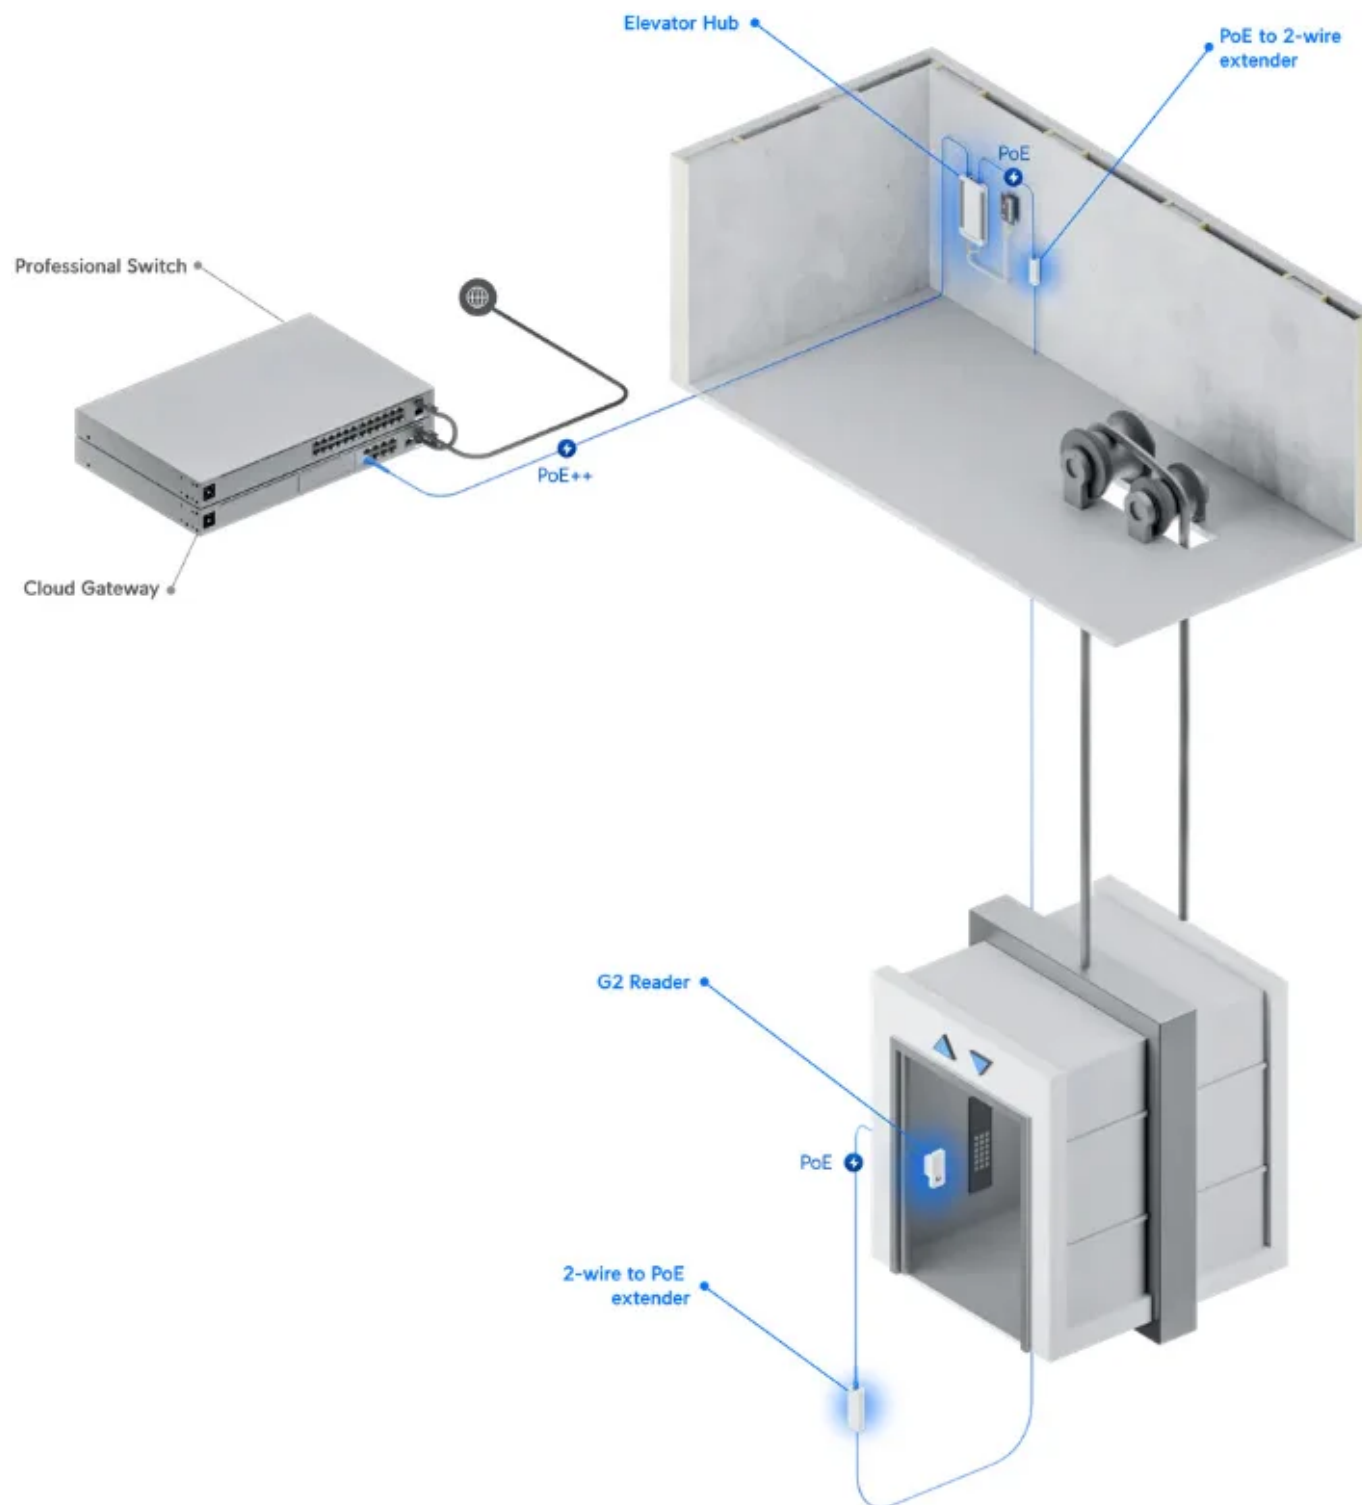

The Ubiquiti Access Elevator Starter Kit (**UA-SK-Elevator**) is an innovative kit designed to enhance security and access control in multi-story buildings. Thanks to **Ubiquiti Door Access'** advanced technologies and connections via **Power over Ethernet (PoE)**, this system allows users to authorize floor selection. The kit is ideal for **modern buildings**, which require **advanced access management**.

A Complete Solution for Your Building

UA-SK-Elevator provides full **support for up to 18 floors** and digital inputs that monitor elevator status and emergency situations. With this

system, you can be sure that your building's access management will not only be secure, but also efficient. The UA-SK-Elevator starter kit integrates seamlessly with your existing **UniFi Access network**, allowing centralized management and configuration of all devices in one place.

Increase Safety and Efficiency

The **Ubiquiti Access Elevator Starter Kit** isn't just about technology, it's also about **security and convenience**. Thanks to the advanced access management system, users can use the elevator seamlessly, confident that only **authorized people** have access to selected floors. This solution will be ideal for any building configuration, ensuring smooth and safe operation.
