Price: **207.17 zł** gross / 168.43 zł net

Manufacturer: UBIQUITI

Referention number: DNxGGMNRERMMML

Product features

Height	76 mm
Wall mountable	Yes
Mounting kit	Yes
Compatibility	UVC-AI-360
IK code	IK08
Protection features	Tamper resistant
Brand compatibility	Ubiquiti Networks
International Protection (IP) code	IPX6
Product colour	Black
Connecting thread	3 "
Watch case material	Aluminium
Type	Junction box
Diameter	173.2 mm
Designation	Universal
Product weight	720 g

Full product description

Meet the junction box that provides the perfect solution for organizing and protecting the connections of your UniFi AI 360 camera!

Designed with durability and resilience in mind, the Ubiquiti UACC-AI-360-JB provides not only security, but also an aesthetic finish to your monitoring installation.

Exceptional durability

The Ubiquiti UACC-AI-360-JB junction box is **made of high-quality aluminum alloy and polycarbonate**, which ensures its extreme durability and resistance to mechanical damage. Thanks to its robust construction, the product can withstand even the most demanding weather conditions.

With an IPX6 rating, the junction box is **fully water resistant**, making it ideal for outdoor installation. In addition, IK08 impact resistance ensures that the product can withstand heavy use and accidental impacts.

Compatibility and ease of installation

The Ubiquiti UACC-AI-360-JB junction box is compatible with the UniFi AI 360 camera for **easy integration into** existing **surveillance systems**. Three 3/4" threaded outlets allow for convenient and secure cable routing, and the aluminum mounting material provides a secure and stable mount.

Weather resistance

With an IPX6 rating, the junction box is **fully water resistant**, making it ideal for outdoor installation. In addition, IK08 impact resistance ensures that the product can withstand heavy use and accidental impacts.
