Price: **284.82 zł** gross / 231.56 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKQLRMMOP

Product features

Data transfer rate	25 Gb/s
Cable length	20 m
Operating temperature (T-T)	0 - 70 °C
Ethernet interface type	25 Gigabit Ethernet
Cord diameter	3 mm
Wavelengths supported	850 nm
Sheath material	Polyvinyl chloride (PVC)
Product colour	Aqua colour
Connector 2 gender	Male
Connector 1 gender	Male
InfiniBand protocol	Yes

Full product description

Offer unparalleled performance to your network with the Ubiquiti UACC-DAC-SFP28-20M DAC cable.

This high-quality cable provides fast and reliable connections, **ideal for applications requiring high bandwidth and low latency**. With a length of 20 meters, it is perfect for connecting devices over longer distances in data centers, enterprises and other demanding network environments.

High throughput

The Ubiquiti UACC-DAC-SFP28-20M offers **data rates of up to 25 Gbps** to support the most demanding network applications. The high throughput makes this cable ideal for data center and large enterprise applications where reliable and fast connections are key.

Low latency and high reliability

Direct Attach Copper (DAC) cable provides low latency, which is crucial for real-time and latency-sensitive applications. With a direct copper connection, this cable **minimizes the risk of signal interference**, offering reliability and connection stability. **Equipped with SFP connectors**, this cable is easy to install and compatible with a wide range of switches and network devices. With a length of 20 meters, this cable is ideal for connecting devices located in different locations between racks, which simplifies cable management and provides installation flexibility.
