Price: **77.70 zł** gross / 63.17 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGHKJJRMMGM

Product features

Height	55 mm
Wall mountable	Yes
Compatibility	UVC-AI-Bullet, UVC-AI-Pro, UVC-AI-DSLR
Brand compatibility	Ubiquiti Networks
Easy to install	Yes
International Protection (IP) code	IPX5
Product colour	Black
Watch case material	Aluminium
Type	Base unit
Diameter	62 mm
Designation	Universal
Product weight	65 g

Full product description

Robust and convenient mounting of Bullet cameras

Ubiquiti UACC-Bullet-AB-B is an angle mounting bracket that allows stable and precise positioning of Bullet cameras. With its **solid aluminum construction**, it provides durability and weather resistance. If you are looking for a way to **better position** your **Ubiquiti cameras**, this mount will meet your requirements.

Precise setting of the viewing angle

The **UACC-Bullet-AB-B mount** allows **the Bullet cameras to be mounted at an angle**, allowing for an optimal field of view. This allows you to monitor key areas that require precise surveillance. Angled mounting increases the effectiveness of monitoring in areas where traditional mounting does not provide full visibility.

Durable aluminum construction

The holder's housing is made of **durable aluminum alloy**, which ensures **resistance to damage and long-term stability**. Thanks to the use of high-quality materials, the mount will work well both indoors and outdoors. It is a solution for users who **expect a solid and durable camera mount**.

Weatherproof (IPX5)

The mount meets the **IPX5** standard, which means rain and moisture resistance. It can be used in various weather conditions, making it suitable for mounting on building facades, under canopies and in open spaces. Thanks to this protection, the camera **remains stably mounted and safe in any situation.**

Compatibility with Ubiquiti cameras

The **UACC-Bullet-AB-B** mount is designed specifically for **UVC-AI-Bullet**, **UVC-AI-Pro** and **UVC-AI-DSLR** cameras . Thanks to its full compatibility, mounting is intuitive and fast, without the need for additional adapters. It's a **simple and functional solution** that allows you to effectively use the potential of Ubiquiti cameras.
