Price: **206.85 zł** gross / 168.17 zł net

Manufacturer: UBIQUITI

Referention number: DNXXHILQERMMIK

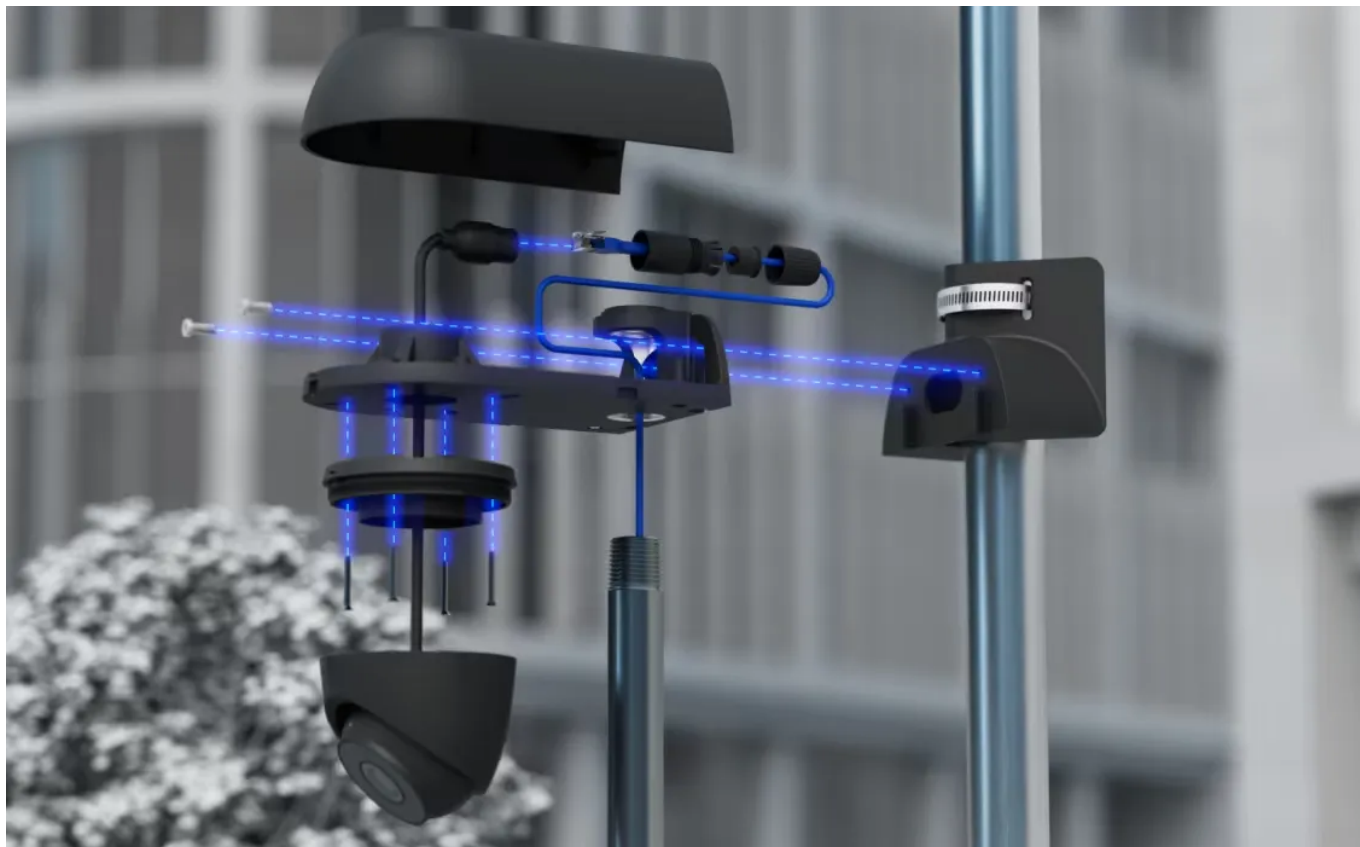

Product features

Height	90 mm
Wall mountable	Yes
Width	115 mm
Depth	252 mm
Mounting kit	Yes
Compatibility	UVC-G5-Turret-Ultra
Protection features	Weatherproof
Brand compatibility	Ubiquiti Networks
International Protection (IP) code	IP66
Product colour	Black
Connecting thread	3 "
Watch case material	Aluminium
Type	Mount
Designation	Outdoor
Product weight	670 g

Full product description

Stable mounting of Ubiquiti cameras - for the security of your infrastructure

Ensuring stable and secure camera mounting is the key to effective monitoring. **The Ubiquiti UACC-Camera-AM-B** is a mounting bracket that allows you to easily and permanently mount **G5 Turret Ultra, AI Pro Turret and AI Pro Dome** cameras in various locations for optimal positioning. Thanks to its durable materials and weather resistance, the mount will work well both indoors and outdoors.

Robust construction

The mount is made of **aluminum alloy and polycarbonate**, which translates into its strength and resistance to mechanical damage. Thanks to the materials used, the mounting is stable and safe, even in difficult conditions. **The wall mounting bracket** does not corrode and remains durable for a long time.

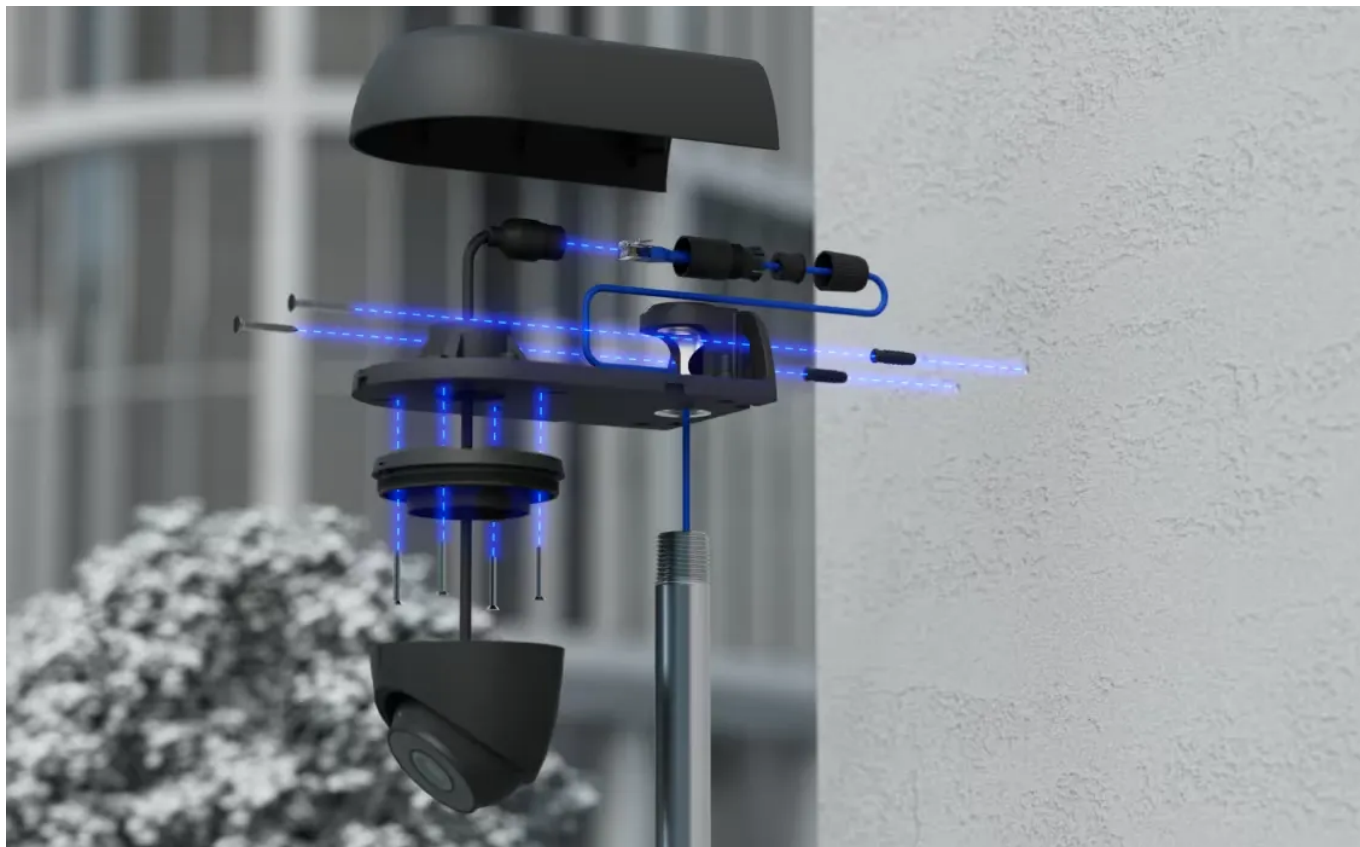

Weather resistance

You don't have to worry about the effects of rain, snow or high humidity on the mount's construction. Thanks to its **IP66** rating, the mount can perfectly cope with outdoor conditions. This means full protection from dust and water, making it suitable for **mounting** on both building walls and poles.

Easy installation and secure attachment

The Ubiquiti UACC-Camera-AM-B is **designed** for quick and convenient installation. The universal design allows installation on various surfaces such as walls or poles with a diameter of **1.5-2 inches**. Thanks to **the wall mount**, installation goes smoothly and requires no additional tools beyond the basic mounting kit.

Full compatibility with Ubiquiti cameras

The product is **designed** specifically for the **G5 Turret Ultra, AI Pro Turret and AI Pro Dome** cameras, which guarantees their stable mounting and full functionality. **The mounting bracket** allows you to optimally adjust the camera's viewing angle for better recording quality. Thanks to the precise fit, there is no risk of backlash or uncontrolled camera shifts.
