Full product description

Provide a sturdy and aesthetically pleasing mount for your Ubiquiti UniFi cameras with the Ubiquiti UACC-Camera-JB-W.

This **junction box** is designed for simple installation and protection of cable connections, making it ideal for surveillance systems. Made of high quality materials, it provides long-lasting durability and aesthetically pleasing appearance, blending perfectly with UniFi Bullet, Dome and Turret series cameras.

Compatibility with a wide range of UniFi cameras

The Ubiquiti UACC-Camera-JB-W is a product that works seamlessly with various UniFi camera models, including **Bullet, Dome, and Turret**. So you can easily integrate it into your existing surveillance system, ensuring an aesthetically pleasing installation and protecting cable connections. This is an ideal solution for owners of **Ubiquiti** surveillance systems.

Durable design and materials

The connection box is made of durable aluminum alloy and polycarbonate, which guarantees resistance to harsh weather conditions and mechanical damage. Thanks to the sturdy aluminum materials and precise workmanship, you can be sure that this product will provide long-lasting protection for your cameras and connections.

Ease of installation and aesthetics

Mounting the Ubiquiti UACC-Camera-JB-W is extremely easy thanks to its universal brackets and adjustable mount. The **white color** and elegant design of the box make it a perfect match with modern UniFi cameras, adding a professional look to any surveillance system. Thus, your monitoring system will not only be functional, but also aesthetically integrated into its surroundings.
