Price: **227.91 zł** gross / 185.29 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGKQLGRMMKK

Product features

Data transfer rate	25 Gb/s
Cable length	5 m
Operating temperature (T-T)	0 - 70 °C
Sheath material	Polyvinyl chloride (PVC)
Product colour	Black
Connector 2 gender	Male
Connector 1 gender	Male
InfiniBand protocol	Yes
Cable type	DAC

Full product description

Offer unparalleled performance to your network with the Ubiquiti UACC-DAC-SFP28-5M DAC cable.

This high-quality cable provides fast and reliable connections, **ideal for applications requiring high bandwidth and low latency**. With a length of 5 meters, it is perfect for connecting devices over longer distances in data centers, enterprises and other demanding network environments.

High throughput

The Ubiquiti UACC-DAC-SFP28-5M offers **data rates of up to 25 Gbps** to support the most demanding network applications. The high throughput makes this cable ideal for data center and large enterprise applications where reliable and fast connections are key.

Low latency and high reliability

Direct Attach Copper (DAC) cable provides low latency, which is crucial for real-time and latency-sensitive applications. With a direct copper connection, this cable **minimizes the risk of signal interference**, offering reliability and connection stability. **Equipped with SFP**

connectors , this cable is easy to install and compatible with a wide range of switches and network devices. With a length of 5 meters, this cable is ideal for connecting devices located in different locations within a single rack or between racks for easy cable management and installation flexibility.
