Full product description

Pendant mounting for greater control

The **Ubiquiti** brand offers a mounting bracket that has been **designed specifically for the G5 PTZ**. The product allows you to hang the camera in the right place, which increases its field of view and improves monitoring of the space. Thanks to **the corresponding threaded inputs**, the installation of cabling is simple and aesthetically pleasing.

Stable and durable pendant mounting

The **UACG-G5-PTZ-PM mounting bracket** provides a secure mount for the **G5 PTZ camera**, allowing it to be hung on a wall or ceiling. This allows the camera to be placed in an optimal position, increasing the effectiveness of monitoring. The product allows **the device** to be **securely mounted**, minimizing the risk of damage.

Weather-resistant materials

The mount is made of **high-quality polycarbonate**, which makes it resistant to moisture, dust and UV radiation. With **outdoor use**, the camera remains protected from the weather. The product is durable, ensuring long-lasting use in a variety of environments.

Compatibility with 3/4" thread

The mounting bracket includes **a threaded G3/4" input**, which allows for easy and aesthetically pleasing cable routing. This makes the installation more organized and allows the camera to operate without interference. The product is fully **compatible with the Ubiquiti ecosystem**, making it easy to integrate with other **Ubiquiti devices**.

Simple installation and wide application

Thanks to its **small size and lightweight design**, the mount is easy to install and can be used in a variety of locations - both indoors and outdoors. The product is designed for installation on **a wall, ceiling or other stable surface**, allowing full customization.
