Full product description

Ensure a solid and aesthetically pleasing mounting of your access points with the Ubiquiti UACC-LITE-AP-AM

This high-quality mounting bracket is designed specifically for UniFi's compact flagship access points, such as the U6 Lite, UAP nanoHD, UAP AC Lite and U6-PLUS. With its **simple installation and durable design**, the UACC-LITE-AP-AM ensures not only reliability, but also a neat look for your installation.

Durability and elegant design

Made of high-quality plastic, the UACC-LITE-AP-AM mounting bracket provides durability and resistance to mechanical damage. The robust design ensures that the access point will be securely fixed, regardless of the conditions of use. The elegant design of the bracket makes it fit perfectly into modern interiors, maintaining **the aesthetic appearance of the entire installation**.

Easy and fast installation

The UACC-LITE-AP-AM mount is designed with simplicity in mind, allowing for quick and easy mounting of access points on the wall. All necessary mounting hardware is included, minimizing installation time. The lightweight design (45 g) and compact dimensions (149 x 89 x 29 mm) mean that **the mount can be mounted anywhere** without taking up much space.

Compatibility with UniFi flagship access points

The Ubiquiti UACC-LITE-AP-AM is compatible with the U6 Lite, UAP nanoHD, UAP AC Lite and U6-PLUS, making it a versatile solution for mounting various UniFi access point models. With this mount, you can easily integrate your UniFi devices, ensuring stability and optimal positioning for the best WiFi performance.
