Price: **207.17 zł** gross / 168.43 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGGJKPERMMGQ

Product features

SFP transceiver type	Fiber optic
CD-ROM interface type	SFP28
Maximum data transfer rate	25000 Mb/s
Power consumption (typical)	0.8 W
Harmonized System (HS) code	85369010
Operating temperature (T-T)	0 - 70 °C
Fiber optic connector	LC
Maximum transfer distance	100 m
Rx wavelength (max)	850 nm
Tx wavelength (max)	850 nm

Full product description

Meet the Ubiquiti UACC-OM-SFP28-SR module - which is designed to meet the most demanding networking needs!

This advanced SFP28 module provides data transmission speeds of 25Gbps, ensuring reliability and performance.

High transmission speed

The Ubiquiti UACC-OM-SFP28-SR offers incredible data rates of up to 25Gbps, allowing you to transmit large amounts of data quickly and efficiently. With this module, **you can transmit and receive data without delay**, which is crucial for modern networks.

Compatibility with multiple devices

This SFP28 module is compatible with various Ubiquiti network devices, making it a versatile solution for a variety of applications. You can easily integrate it into your existing network infrastructure, allowing for flexibility and scalability.

Low energy consumption

The Ubiquiti UACC-OM-SFP28-SR module features a low power consumption of just 0.8W. So you can reduce the operating costs and environmental footprint of your network while enjoying superior performance.
