Price: **98.44 zł** gross / 80.03 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKHHODRMLNO

Product features

SFP transceiver type	Fiber optic
CD-ROM interface type	SFP
Maximum data transfer rate	1250 Mb/s
Maximum operating temperature	70 °C
Operating temperature (T-T)	0 - 70 °C
Minimum operating temperature	0 °C
Fiber optic connector	LC
Single-mode fiber (SMF) supported	Yes
Product colour	Stainless steel
Maximum transfer distance	3000 m
Rx wavelength (max)	1550 nm
Rx wavelength (min)	1310 nm
Tx wavelength (max)	1550 nm
Tx wavelength (min)	1310 nm

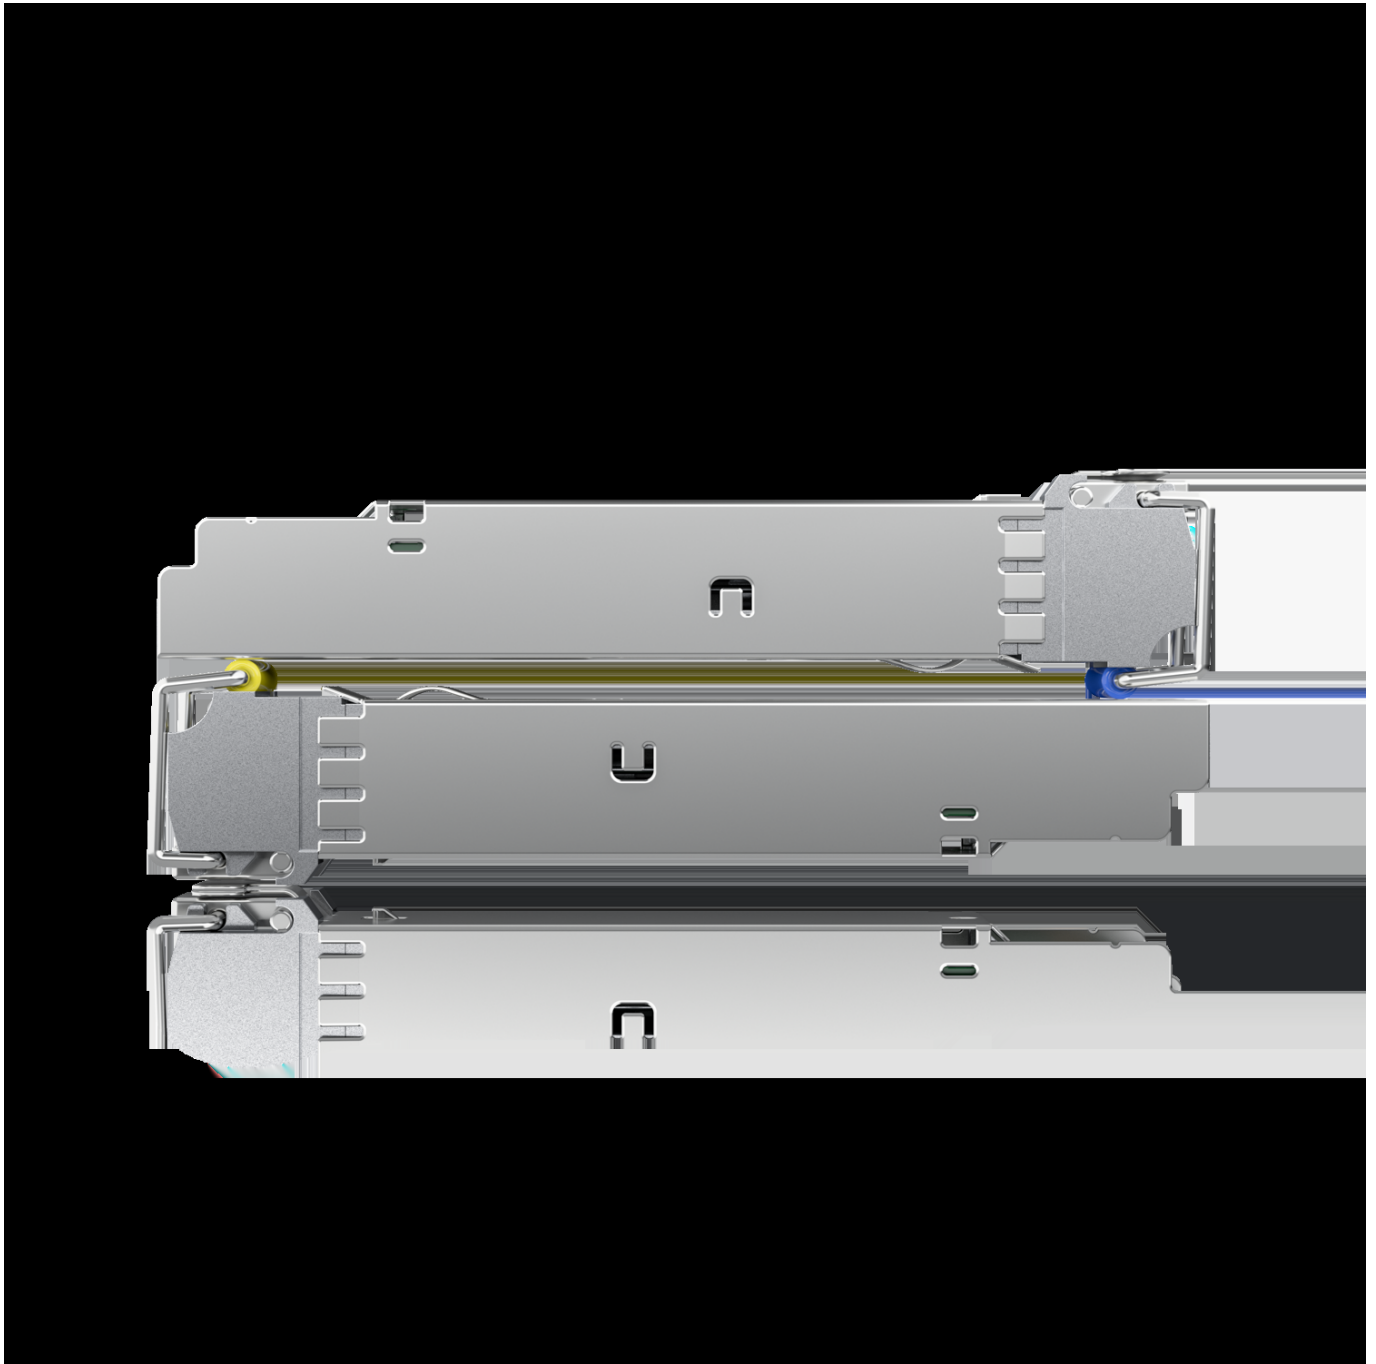

Full product description

Take your network to the next level with the Ubiquiti UACC-OM-SM-1G-S-2 SFP module.

This advanced SFP module is **designed for high performance and reliability**, meeting the needs of modern network infrastructures. Ideal for use in industrial, commercial and residential environments.

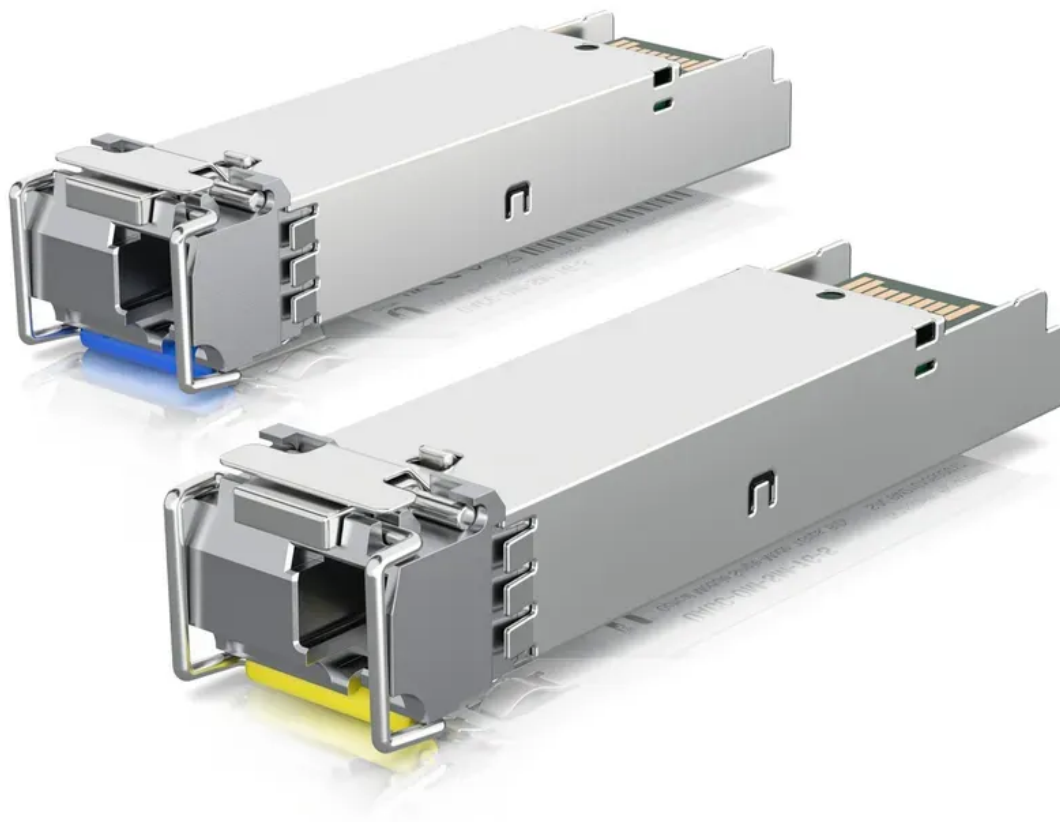

High throughput and reliability

The Ubiquiti UACC-OM-SM-1G-S-2 offers **data transmission speeds of 1.25 Gbps**, ensuring smooth and stable network connections. Thanks to BIDI technology, the module allows simultaneous transmission and reception of data on a single fiber, which optimizes the use of existing infrastructure. This solution is ideal for companies that need high bandwidth without compromising on reliability.

Long-distance data transmission

This module provides reliable data transmission over distances of up to 3 km, making it an excellent choice for applications requiring long-distance connectivity. Whether you're managing a large campus network or connecting separate buildings, the Ubiquiti UACC-OM-SM-1G-S-2 will meet all challenges. This is all thanks to its single-mode fiber optic cable, which guarantees low latency and high signal quality.

Easy integration and installation

The Ubiquiti UACC-OM-SM-1G-S-2 is designed for easy integration into existing network systems. Equipped with an LC connector and support for the PoE standard, this module is compatible with a wide range of switches and routers. With a simple SFP interface, installation is quick and hassle-free, allowing you to immediately expand your network capabilities.
