Full product description

Meet the Ubiquiti UACC-PSU-27V-250W - a 250W power supply specifically designed to power Ubiquiti UISP-P-Pro network devices!

With advanced AC/DC hot-swap technology, this power supply provides reliable and stable power, making it an ideal choice for professional network installations.

High performance

The Ubiquiti UACC-PSU-27V-250W offers **250W output** power , allowing you to power even the most demanding network devices. This will keep your systems running without interruption or disruption, ensuring continuous operation.

Durable design

The enclosure made of **high-quality SECC steel** provides exceptional durability and resistance to mechanical damage. The robust design guarantees a long life of the power supply, even in harsh operating conditions.

Safety and certifications

The Ubiquiti UACC-PSU-27V-250W power supply is CE, FCC and IC certified, which proves its compliance with international safety and quality standards. So you can be sure that you are using a product that meets the highest standards.
