Full product description

Ubiquiti UACC-U7-COVER - a protective cover designed for the most demanding users

This protective cover not only provides effective protection for your access point, but also gives you the opportunity to personalize your device according to your aesthetic preferences. Thanks to its sturdy polycarbonate construction, you can rest assured that your device will be safe and look great.

Durable polycarbonate construction

The Ubiquiti UACC-U7-COVER is made of **high-quality polycarbonate**, which provides it with exceptional durability and resistance to mechanical damage. With this sturdy case, your U7 will be effectively protected from scratches, dust and other damage, extending the life of the device. The polycarbonate construction is also lightweight, ensuring that the case does not put additional weight on your access point.

Easy installation and perfect fit

Ubiquiti's UACC-U7-COVER protective cover has been designed with ease of installation in mind. Thanks to its precise dimensions and simple mounting system, **installation is quick and hassle-free**. This gives your device extra protection in just minutes, without the need for advanced tools.
