Price: **703.10 zł** gross / 571.63 zł net

Manufacturer: UBIQUITI

Referention number: DNXGFMMJIRMMIL

Product features

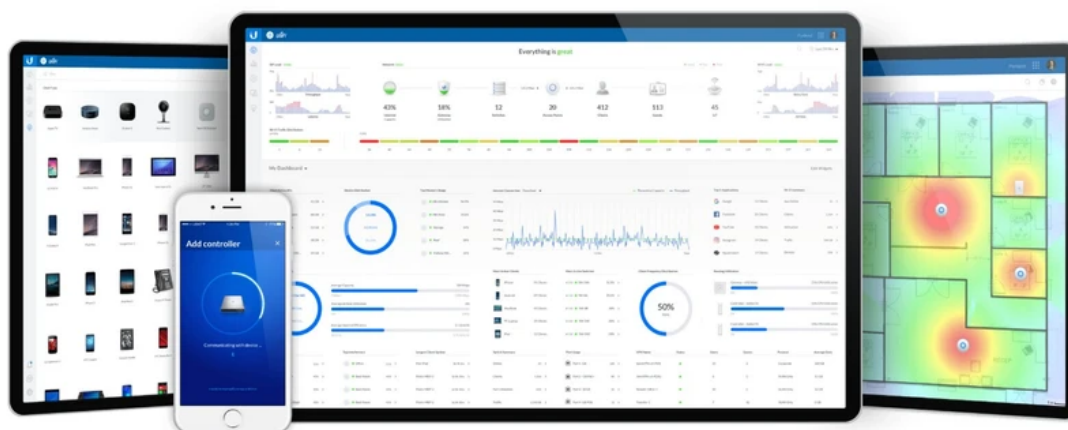

Regulatory Approvals	CE, FCC, IC
Height	32.65 mm
Antenna type	Internal
Width	160 mm
Depth	160 mm
Security algorithms	AES
Wi-Fi Multimedia (WMM)/(WME)	Yes
Maximum data transfer rate	1733 Mb/s
Power consumption (typical)	10.5 W
Humidity measurement range	5 - 95%
Harmonized System (HS) code	85176990
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	1
Antenna gain level (max)	3 gain
DC-in jack	Yes
Operating temperature (T-T)	-10 - 70 °C
Quality of Service (QoS) support	Yes
VLAN support	Yes
Reset button	Yes
Service Set Identifier (SSID) features	SSID broadcast on/off
Power over Ethernet (PoE)	Yes
MIMO type	Multi User MIMO

MIMO	Yes
PoE adapter included	Yes
Placement	Ceiling
AC input voltage	44 V
Wireless isolation	Yes
Number of SSID supported	8
Antenna features	Integrated antenna
Product colour	White
Throughput data rate	1733 Mb/s
5 GHz	Yes
2.4 GHz	Yes
Product weight	300 g

Full product description

Ubiquiti's UniFi Nano HD access point - operating in Wave2 standard

The smallest access point **UniFi nanoHD AP** can be installed in high density environments where maximum **wireless performance** is required. The UniFi nanoHD AP features dual-band **4x4 MU-MIMO** technology and 802.3af PoE compatibility. Also available in a 5-pack. 802.11ac Wave 2 MU-MIMO technology (Multi-User, Multiple Input, Multiple Output) allows to communicate with many clients at the same time, which significantly increases their bandwidth and improves overall satisfaction of network users. This smallest **access point** on the market allows to build an efficient network.

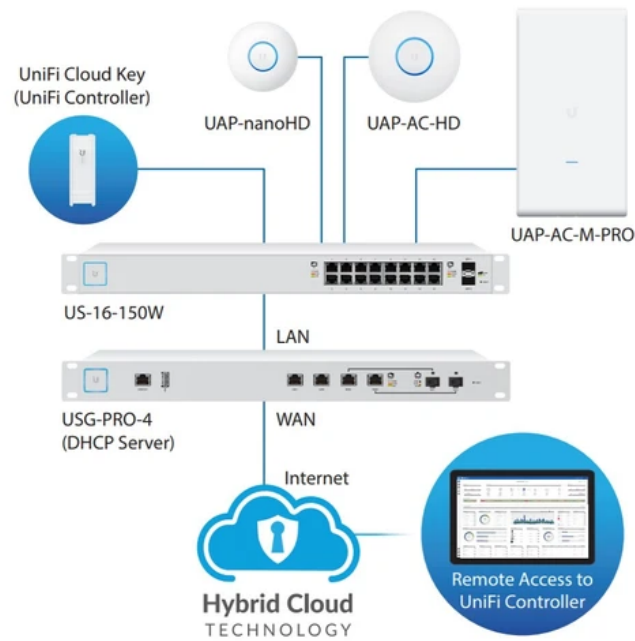

UniFi from Ubiquiti - revolutionary Wi-Fi system

UniFi® is a revolutionary Wi-Fi system that combines enterprise performance, unlimited scalability and a central management controller. The UniFi nanoHD AP features a sophisticated design and can be easily installed with the included mounting accessories.

Unlimited scalability with UniFi

Build wireless networks of any size with the UniFi series. Start with one NanoHD and expand infinitely, while maintaining one unified management system.

Easily adapt the design of the NanoHD access point to the environment with covers in multiple designs

Overlays for the UniFi nanoHD AP allow for the integration of the nanoHD AP into the environment. Whether you attach your access point against a background of marble, concrete or wood, the UniFi nanoHD AP access point will fit seamlessly into your interior. With this inspiring solution, you can choose the colour of the cover that fits perfectly in your office, hotel or other room.
