Price: **1,132.52 zł** gross / 920.75 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGOMJMRMMNO

Information:

Ubiquiti UC-Cast-Pro is a modern Display Cast module for streaming content in 4K quality, delivering smooth visuals and convenient control thanks to HDMI CEC. Integration with UniFi Connect enables easy multimedia management from the iOS and Android app, while support for PoE and USB-C provides great installation flexibility and helps simplify cabling. The device is equipped with an RJ45 port, an eight-core processor and a Mali-G57 graphics chip, which translates into high performance and stable operation. Its compact, minimalist design makes it ideal for use in the office, conference room and home.

Product features

Regulatory Approvals	CE, FCC, IC, Wi-Fi
Height	40.8 mm
USB charging port	Yes
Width	125.1 mm
Depth	56.3 mm
USB ports quantity	1
Humidity measurement range	20 - 90%
Total storage capacity	32 GB
Processor family	ARM Cortex
Operating temperature (T-T)	0 - 40 °C
Processor frequency	1.9 GHz
Easy to install	Yes
Wi-Fi standards	802.11a
HDMI ports quantity	1
Top Wi-Fi standard	Wi-Fi 6 (802.11ax)

Processor manufacturer	ARM
Product colour	Black
Internal memory	8 GB
Product weight	260 g

Full product description

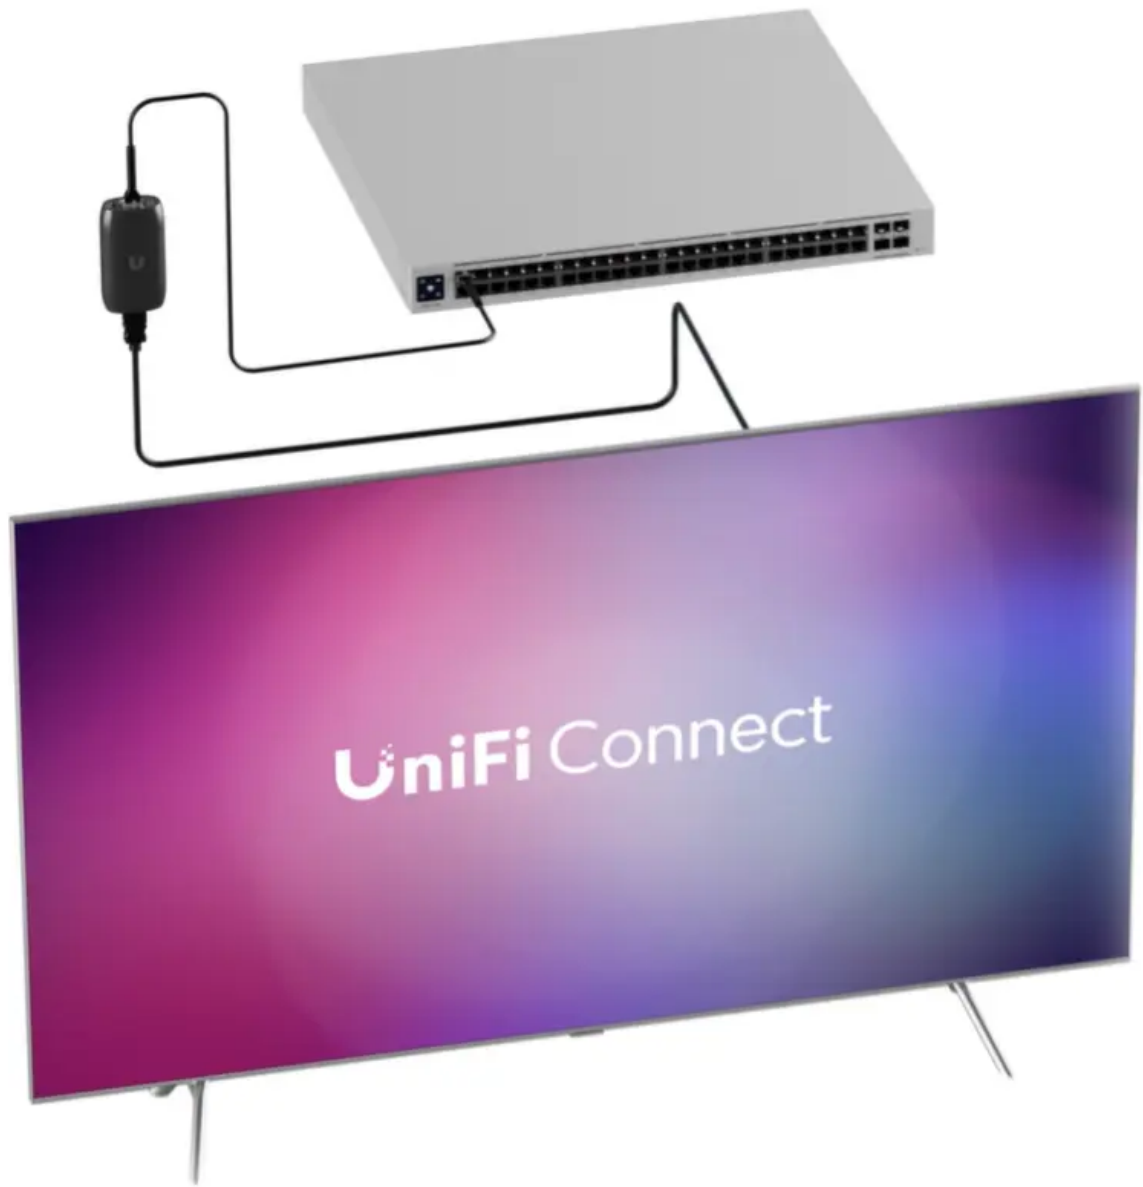

Ubiquiti UC-Cast-Pro - A Modern Solution for Your Multimedia Space

Discover the **Ubiquiti UC-Cast-Pro**, an advanced **Display Cast module** that allows you to stream **4K** content with smoothness and superior image quality. Equipped with **HDMI CEC** and an **RJ45 port**, the product offers unparalleled flexibility in connecting and managing multimedia. Thanks to its integration with **UniFi Connect**, this solution is an ideal choice for both offices and home spaces.

4K Resolution and HDMI CEC - Perfection of Image and Control

The Ubiquiti UC-Cast-Pro provides **4K streaming** with crisp detail, making any presentation or video look impressive. With **HDMI CEC**, the device makes it easy to control connected displays with a single remote control. It's ideal for business spaces, conference rooms and home theaters.

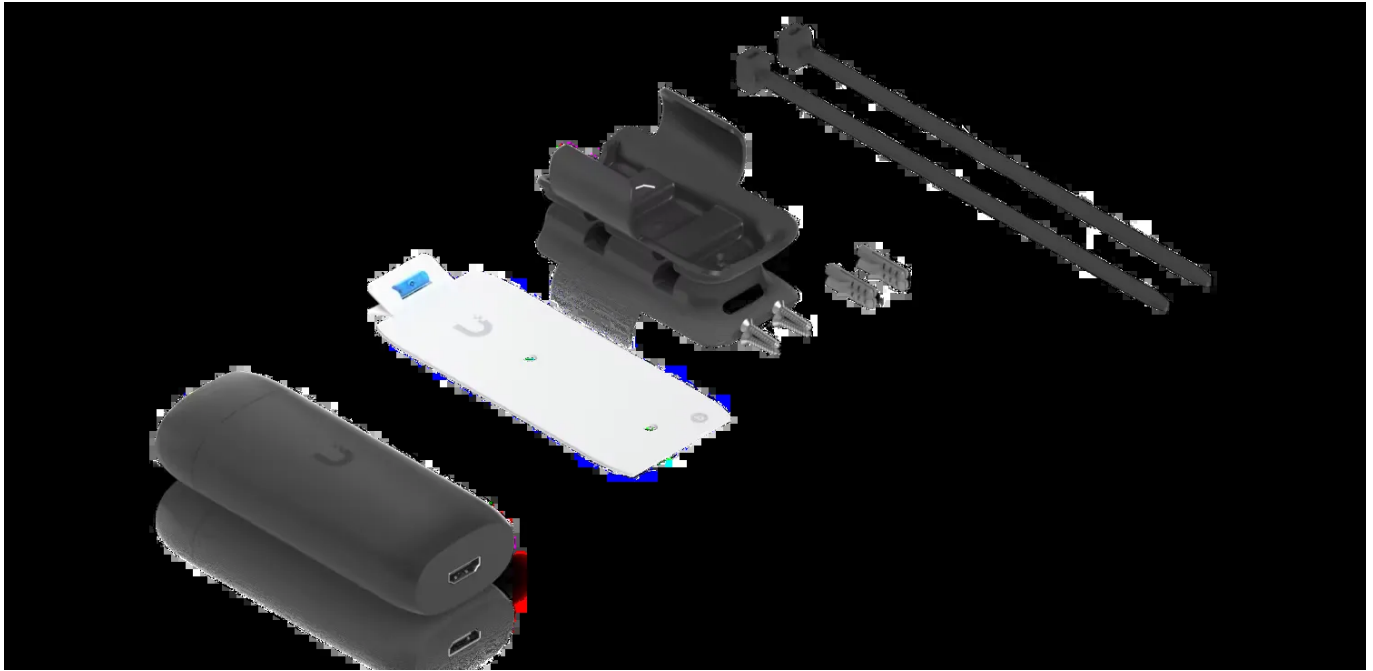

UniFi Connect - Management at Your Fingertips

Integration with **UniFi Connect** allows you to easily manage all your media devices in one place. With the **iOS™** and **Android™** app, you can customize settings, control content and monitor data in real time. This is a great option for users looking for help in simplifying daily operations.

PoE and USB-C Power - Installation Flexibility.

The device supports both **PoE** (Power over Ethernet) and **USB-C** power , giving you full installation flexibility. Thanks to **RJ45** , power and data can be transmitted over a single cable, significantly simplifying cabling. This state-of-the-art solution guarantees reliable and stable operation.

Advanced Technology and Compact Design

Equipped with an **octa-core processor** and integrated **Mali-G57 GPU**, the Ubiquiti UC-Cast-Pro delivers high performance even under heavy use. Its **compact 240g design** and **minimalist design** make it fit perfectly into any space without taking up unnecessary space
