Full product description

Highly efficient device

Thanks to the elegant **U Fiber loco** design, it is a rugged, high-performance **GPON CPE** device, which is characterized by exceptionally **low power consumption and two power options**. With easy-to-read **LEDs** provide information about the status of: Ethernet connection, signal strength and power.

Universal power supply

The UFiber loco can be powered by a **Micro-USB** power supply (supplied) or **24 V passive PoE**.

Designed for integration

You can connect up to **128 devices** to one GPON port. Supporting GPON links of **up to 20 km**, UFiber loco integrates with UFiber OLT, UFiber OLT 4 and other OLT devices.
