Full product description

Ubiquiti's SFP+ UF-SM-10G-S-20 Reliable Module Kit

Ubiquiti UF-SM-10G-S-20 is a set of 20 U Fiber U Series SFP+ modules operating in bi-directional (BiDi) mode. They work at 1270 nm and 1330 wavelengths via single-mode fiber. Each module has an LC port. **Ubiquiti SFP+ UF-SM-10G-S-20** modules provide transmission speed of **10 Gbps** over a distance **to 10 km**. The UF-SM-10G-S-20 single-mode modules are ideal for long-distance fiber connections when creating new installations or expanding existing ones.

Special features

- Ubiquiti U Fiber series
- BiDi - bi-directional transmission
- Wavelengths of 1270 nm and 1330 nm
- Support for WDM
- Transmission on single-mode optical fibre
- Distance up to 10 km
- 10 Gbps transmission speed
- LC output connector
