Full product description

Extalink Uranos - 5 port Fast Ethernet Switch

It is a switch with 5 ports and 100Mbps throughput. The compact design makes the switch ideal for use in the home or small office.

Main features:

- - It complies with IEEE802.3u standards.
- - RJ45 ports with 10/100Mbps automatic negotiation support Auto-MDI/MDIX.
- - Supports IEEE802.3x flow control for full duplex and backpressure for half duplex.
- - Automatic learning of MAC addresses
- - LED indicators for link and activity monitoring
- - External 5V 1A power supply
