Price: **725.11 zł** gross / 589.52 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGHOOMRMMOQ

Product features

Height	340 mm
Width	330 mm
Depth	425 mm
Conductor material	Copper
AWG wire size	24
Storage temperature (T-T)	-30 - 75 °C
Harmonized System (HS) code	84733080
Cable length	305 m
Operating temperature (T-T)	-40 - 80 °C
Cabling technology	10/100/1000Base-T(X)
Ethernet interface type	Gigabit Ethernet
Sheath material	Polyethylene (PE)
Cable type	Solid
Cable standard	Cat5e
Product weight	16000 g

Full product description

Ubiquiti UISP-Cable-Carrier copper cable

UISP Cable Carrier is an industrial **category 5e shielded cable** with multi-layer protection from the environment. The reinforced construction allows **UISP Cable Carrier** to operate in harsh climatic conditions, the outer sheath reliably protects the cable from rain and snow and other adverse weather conditions.

Reliable solutions for perfect data transmission

The discharge conductor and internal shielding provide **maximum protection** against failure due to electrostatic discharge. The use of higher category cable ensures that there is no signal loss due to mutual twisting of cables. These properties of the **Ubiquiti UISP Cable Carrier** allow it to achieve stable data rates even in the presence of electromagnetic interference.
