Price: **1,287.67 zł** gross / 1,046.89 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKQMRMNJO

Product features

Regulatory Approvals	CE, FCC, IC
Height	52 mm
LED indicators	LAN
Width	280 mm
Depth	289 mm
Humidity measurement range	5 - 95%
Compatibility	UISP Console, UISP Router (installed with UISP Box), UISP Router Pro, UISP Switch (installed with UISP Box), UISP Switch Pro
Ethernet LAN (RJ-45) ports	1
IFU / User manual	Yes
Operating temperature (T-T)	-5 - 40 °C
Cabling technology	10/100/1000Base-T(X)
Battery technology	Lithium-Ion (Li-Ion)
Output power	100 W
Product colour	White
Output operation voltage (max)	27 V
Watch case material	Acrylonitrile butadiene styrene (ABS)
Product weight	1400 g

Full product description

Meet the Ubiquiti UISP-P, an uninterruptible power supply (UPS) specifically designed to keep your network infrastructure up and running!

This advanced UPS offers Power TransPort, Bluetooth and 100 MbE RJ45 functions, making it ideal for professional network installations.

Reliability and efficiency

The Ubiquiti UISP-P is a UPS that provides **reliable backup power** for your network devices. With a Li-ion battery and the ability to connect a lead-acid battery, this UPS guarantees long-lasting power in the event of a power failure. It's **the ideal solution to keep your network running** even in the most critical moments.

Advanced management features

The Ubiquiti UISP-P uninterruptible power supply offers advanced management features via Bluetooth and an in-band Ethernet interface. This allows you to **easily monitor and manage your UPS** using **the** UISP app. This gives you full control over the power status and allows you to quickly respond to any problems.

Versatility and compatibility

Ubiquiti UISP-P is **compatible with a wide range of Ubiquiti devices**, such as UISP Console, UISP Router, UISP Switch and many others. So you can easily integrate it into your existing network infrastructure. In addition, the Power TransPort Bluetooth UPS is equipped with a 100 MbE RJ45 port for fast and reliable data transmission.
