Full product description

Intelligent switching for your network

The UniFi® switch provides high performance with 6 independent switching ports. It offers four 10 Gigabit Ethernet ports with automatic 802.3bt PoE++ detection and (2) SFP+ ports offer optical connectivity. The UniFi® switch provides forwarding capability to simultaneously process traffic on all ports at linear speed without packet loss. Its auto-sensing PoE ports provide up to 60 watts of power per port.

The most important features:

- 4x 10Gigabit Ethernet ports 802.3bt PoE ++
- 2x Ports 10G SFP +
- 1x RS232-RJ45 console
- 1x USB type C console
- 1x DC terminal strip
- 1x DC barrel connector

- Mounting on the desk / on the wall / in the cabinet
- Managed by a UniFi controller
